“Our subjects are taught by dedicated professionals with passion for and expertise in their subjects. Our secondary curriculum consists of the traditional academic subjects including the arts and languages.

“Our PE curriculum is innovative and our range of opportunities for all levels is extensive. Our values are reflected in our RE and PSHCE curriculum and all around the school in which we celebrate and display pupils’ work.

“Our pupils demonstrate the standards of politeness, maturity and kindness that we expect and which make the staff so proud to work at Castle Newnham.”

**Ruth Wilkes, Principal,
Castle Newnham School.**

We have a stable and dedicated staff team, which is growing all the time. We are delighted with the high quality of our teaching staff and of the dedicated, skilled support staff. They are all a credit to the school.

Pupils new to us are given additional support in settling in. As a smaller school our pupils all feel known, valued and welcomed, an ethos which we intend to continue even as the school grows in the future.

We have a vast range of extra curricular activities and residential visits both in the UK and Europe. We aim to inspire our pupils through regular work with universities and employers through our careers programme.

“I am delighted that my daughter is able to continue her education up to her GCSEs at Castle Newnham.”

“My son has thrived during his school career at Castle Newnham”

Our secondary facilities include:

- Specialist teaching areas for science, food and design technology
- A new sports hall
- A new performing arts area - home to Bedford Music Hub
- A new cafe area
- Outdoor learning area

“The teaching is inspiring and the children really enjoy learning.”

Our secondary pupils are taught in relatively small mixed attainment groups, which gives every pupil the chance to shine and be their best. Lessons are calm and productive across the school.
