

# West SILC Recruitment Pack

## Welcome to our school,

West SILC is a generic special school for pupils aged 2 to 19 years, on different specialist and mainstream sites. We are a complex organisation, running specialist provision across 5 sites, where students are placed based on need; although complex, this offers our students the very best in terms of meeting their educational needs and maximising their potential. The SILC is based in the West of Leeds and cater for a wide range of needs from moderate learning difficulties; severe learning difficulties; complex and multiple learning needs; Autism and social and emotional and mental health needs. Some students have additional needs – physical; medical; speech and language; visual, hearing or sensory impairment. We are a very popular choice for parents / carers and currently have 240 pupils on roll and we are reaching our maximum capacity.

I am very proud of our whole school community, it is a wonderful place where everyone enjoys learning and are effectively supported to maximise their potential. Our teaching and learning staff are very committed to the children and young people and strive to bring out the very best in all of them. We work extremely hard to support all our children and young people to develop the skills they will need for the future, particularly focusing on communication, independence, emotional regulation and mobility.

We aim for all our pupils, irrespective of social class, age, gender, ability, religion, race or creed to:

- Develop confidence, independence and self-esteem.
- Actively contribute to their own learning.
- Develop respect for themselves and others.
- Enjoy and achieve their full potential.

We believe that all learners should have the opportunity to work and play alongside their mainstream peer group.

We are wholly committed to ensuring our school follows restorative principles. This means our ethos demonstrates:

- Our school as a learning community, with relationships at its centre
- We work hard to build, maintain and repair relationships through respectful talk and appreciation of others
- We work in circles to give everyone a voice, and to listen to those voices
- We build the skills to recognise and manage our own feelings in a safe, caring environment

West SILC was rated "Good" at its last Ofsted inspection in October 2016.

"...high expectations, strong child-centred values and deep commitment to 'get it right' for every pupil remain at the heart of the school's work."

## Our pupils categorised by Primary Need:

| Autistic Spectrum Disorder              | 23.8% |
|---|-------|
| Hearing Impairment                      | 0.4%  |
| Moderate Learning Difficulty            | 22.9% |
| Multi-Sensory Impairment                | 2.9%  |
| Other Difficulty/Disability             | 1.3%  |
| Physical Disability                     | 1.3%  |
| Profound & Multiple Learning Difficulty | 12.9% |
| Severe Learning Difficulty              | 17.5% |
| Social, Emotional and Mental Health     | 11.7% |
| Speech, Language or Communication Need  | 4.6%  |
| Vision Impairment                       | 0.8%  |

West SILC is very outward facing. The school is very active within the SILC network across Leeds and is responsible for the SILC cluster. The cluster brings together a range of universal, targeted and specialist children's services, including schools, children's centres, police, social care - especially CHAD, and the third sector. It helps us to secure the help and support that our families require for improved outcomes. The SILC cluster commissions services from Northpoint as well as directly employing a targeted services leader who promotes and monitors effective integrated working; family support workers and an attendance officer.

West SILC is a strategic partner in the Leeds Teaching Hub School and we are responsible for delivery the Early Careers Framework for newly qualified teachers in specialist provision across Leeds.

The Executive Principal supports the leadership team at Broomfield South SILC and provides support there one day a week. This has been a fantastic reciprocal relationship allowing our staff teams to work together on exciting SEND developments in terms of specialisms, curriculum etc.

In addition, the Executive Principal is also responsible for the West AIP (Area Inclusion Partnership) supporting mainstream schools to work towards zero exclusions. This includes West 11 and West 14 - both secondary provisions.

A visit is really the only way to see what we truly offer. We would be delighted to show you around.

Primary Partnership based at
Hollybush Primary School, Bramley
Approx. 12 pupils
Personalised inclusion

West SILC Sites

Jan 2022 - 240 pupils on roll

### The Curriculum Framework at West SILC

Develop confidence, independence and self-esteem; Actively contribute to their own learning; Develop respect for themselves and others; Enjoy and achieve their full potential.

The curriculum has been designed to provide all our children and young people with a coherent, structure of learning that leads to an active life where each individual can fully engage with their community. The priority is to develop learners' independence and confidence to manage their future, by raising learners' aspirations, equipping them with the necessary skills and moxie (force of character, determination, nerve) to allow them to access all of the opportunities which are open to them. It is designed to enable personalisation, through specific approaches within teaching and learning groups enabling all learners to make progress at their own academic and developmental level. Our learners will be deeply engaged and fulfilled by their education, making excellent progress and leave happy, ready for their next level of learning or employment.

#### West SILC Curriculum Intent

- To build a curriculum that has relationships at its centre
- To build a personalised curriculum that is child centred, holistic and personalised which overcome barriers to learning and maximise progress
- To build a curriculum based on best practice delivered by a staff team who are highly skilled, confident and understand how pupils learn
- 4. To build a curriculum that prioritises the teaching of
  - teaching of: ⇒ Communication skills

Ö

- ⇒ Independence skills
- ⇒ Emotional regulation
- To build a curriculum where pupils feel safe, are engaged and stimulated by the environment, resources and facilities to giving their progress
- 6. To build a curriculum that allows pupils to achieve including qualifications with rigorous and robust assessments to inform the next steps and celebrates success

## West SILC Curriculum Implementation

The prime areas of development and learning in the EYFS lay vital foundations tin the early years. These areas are **Personal**, social and emotional development. Communication and language and physical development. All three areas are constantly in action for a young child in every activity, the child is experiencing feelings and developing a sense of self and others, is physically engaged through their senses and overments, and is learning to understand and communicate with others. It is through these aspects that a child accesses the world around them and relationships with other people, which in turn opens the door to learning in all areas. The Prime areas therefore strongly influence learning in the specific areas of learning and development.

## Informal

Learners in the informal classes do not engage in subjectspecific learning. The whole focus of their learning is on the core skills of PSHCE and independence, communication and interaction, and physical development and sensory processing. Alongside their EHCP targets each learner has a personalised learning program which supports them to make as much progress as possible.

Up to 10% learning related to topic

personalised learning

experience maps as a medium for delivering

# Semiformal

Learners in the semi-formal classes access the national curriculum at a differentiated rate. Due to their barriers to learning, most pupils need specialist teaching and more repetition and time to process and remember new skills.

Learning is presented via 1/2 termly topics which is linked to

Learning is presented via 1/2 termly topics which is linked to humanities, literacy or Science. We have broken up the White Rose scheme of work into smaller steps which is followed for Maths All pupils have opportunities to complete accreditation,

# Formal

Learners in the formal classes access the national curriculum. They are offered more support and smaller class sizes than their mainstream counterparts, but are offered the same opportunities in terms of subject teaching and accreditation.

All our formal learners mix with mainstream pupils to access core subjects and are taught by specialist SEN and subject teachers.

#### Subject Specific Learning

- English, including Reading
- Science, ICT and Technology
- Creative: Art, Music, Drama
- Maths
- Humanities: Geography, History, RE and Modern Foreign Languages

Cognition and Learning

- Alieber on ER FUCE of Assessment

Subject specific learning across all Teaching and Learning Groups all ages including the Informal Curriculum
Wellbeing - PSHCE, RSE, Careers, SMSC and PE / Physical Movement

## Pre-Subject Specific Engagement Model

Complex and Multiple Learning Needs (CMLN)

#### Complex Communication and Autism (CCA)

Some Post-16 learners are not working at subject specific levels and need specialist teaching and resources. They remain in their own departments and join their post 16 peers during appropriate learning activities on an individualised basis. Focus on Preparation for Adulthood is an absolute priority and is integrated into personalised learning plans.

The post 16 curriculum is geared towards developing independence and the ability to 'Learn to Earn, Live and Love.' In Key stage 5 this curriculum focuses around functional skills learning in numeracy, literacy, ICT, PSHE and employability. The primary goal is for our learners to develop skills they can transfer to the real world after school.

Pupils work towards accreditation in either ASDAN or Functional Skills Maths, English, ICT and where relevant an Employability qualification. All learning is contextual. Alongside the accreditation, when pupils are ready to they take part in work related learning placements, these placements are not solely based on their future work interests but takes into account the need to develop social and independence skills.

Subject Specific Learning
Functional English, Maths and ICT

Preparation for Adulthood
ENT LIVING, FRIENDS, RELATIONSHIPS AND COMMUNITY, GOOD HEALTH

West SILC Curriculum Impact

The curriculum will ensure our learners achieve their aspirations engaging with the world around them, being prepared for transitioning to the next part of their journey. Children and young people will know how to / will achieve the skills to:

- confidently form and sustain successful relationships, with family and friends
- be fluent communicators - at their own level, able to express their wants, needs and feelings as well as self-regulate their emotions
- be as independent as possible
- be healthy and have their health needs met
- engage positively with the school and wider community, ensuring they use their knowledge, skills and confidence to keep themselves safe
- have the capacity and confidence, knowledge and qualifications to make progress and engage with the community beyond the school setting, having a good quality of life and make a meaningful contribution to society
- be the best they can be
