

The logo for E21C features the letters 'E21C' in a stylized font. The 'E' and 'C' are dark grey, while the '21' is teal. To the right of the text is a teal silhouette of a person walking, leaving a long, grey, star-shaped trail behind them.

EDUCATION FOR THE 21ST CENTURY

E21C

Child Protection & Safeguarding Policy

Date of Last Review	September 2023	Author	Dionne Jude
Date of next Review	September 2024	Owner	Trust Lead for Behaviour, Inclusion and Safeguarding
Type of Policy	<input type="checkbox"/> Trust Policy <input checked="" type="checkbox"/> Trust Policy tailored by school <input type="checkbox"/> School Policy	Approval	<input type="checkbox"/> School <input type="checkbox"/> LGB <input checked="" type="checkbox"/> Board

All policies within the school must serve to further the E21C Trust Vision.

THE FOUR CRITICAL QUESTIONS

WHY DO WE EXIST?

To improve outcomes, transform lives and enable social mobility.

HOW DO WE BEHAVE?

Trust
Kindness
Endeavour

WHAT DO WE DO?

We create warm and welcoming schools for the local community, where every person belongs, thrives, makes excellent progress and succeeds.

HOW WILL WE SUCCEED?

Through aligned autonomy, a clear backbone, strong culture, academic rigour and smart systems.

This policy is available to all stakeholders on the school website and hard copies can be requested.

Child Protection and Safeguarding Key Contacts

Trust Safeguarding Lead	Dionne Jude
Director of Primary Schools	Fi Kelly
Director of Secondary Schools	Lisa Peterkin
E21C Trustee for Safeguarding	Ms Claire Singleton
Local Authority Designated Officer (LADO)	Gemma Taylor

1. Aims and Scope

The E21C Trust and schools ensure all staff, volunteers, trustees, and the members of Local Advisory Boards (LABs) are committed to providing a caring, positive, safe and stimulating environment.

Schools will amend this policy to suit their context and local authority requirements.

We are committed to safeguarding children and young people, and we expect everyone who works in our schools to share this commitment. Adults in our schools take all welfare concerns seriously and encourage children and young people to talk to us about anything that worries them. We work with other agencies to ensure there are adequate arrangements within our schools to identify, assess and support those children who have or are suffering from harm. We will always act in the best interest of the child creating a culture of vigilance for all.

This policy is published on our website and is reviewed annually and outlines our core beliefs and practices that are compliant with the Local Authority/Local Safeguarding Partnership (LA/LSPs) child protection procedures, including school procedures, local details and contextual issues. This policy should be used as parallel guidance with the document, Keeping Children Safe in Education 2023, which provides statutory national guidance in the safeguarding of our pupils.

Safeguarding and promoting the welfare of children is defined for this guidance as protecting children from maltreatment; preventing impairment of children's mental and physical health or development, ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and taking action to enable all children to have the best outcomes (KSCIE 2023.)

Child protection is a part of safeguarding and promoting welfare. It refers to the activity that is undertaken to protect specific children who are suffering, or are likely to suffer, significant harm. Effective child protection is essential as part of wider work to safeguard and promote the welfare of children. However, all agencies and individuals should aim to proactively safeguard and promote the welfare of children, so that the need for action to protect children from harm is reduced.

Contextual safeguarding relates to incidents and/or behaviours outside of school, taking into consideration wider environmental factors beyond the family that are present in a child's life, which threaten their safety and/or welfare. (See Appendix 2)

1.1 Our Principles

- Safeguarding incidents can happen anywhere and safeguarding pupils is everyone's responsibility.
- We believe that every child, regardless of age, always has and in all situations a right to feel safe and protected from being physically or psychologically harmed.
- We believe that children must receive the right help at the right time to address risks and prevent issues escalating.
- Children (defined as those up to the age of 18) regardless of age, gender, ability, culture, race, language, religion, or sexual identity, have equal rights to protection. All children have a right to be heard and to have their wishes and feelings considered.
- At our school we remain vigilant about safeguarding concerns and maintain an attitude of 'it could happen here.'
- We consider all children and young people have or are experiencing some form of sexual harassment or exposure to sexual content.
- We provide regular staff training to raise knowledge and awareness, ensuring staff are fully aware of their responsibilities in identifying and reporting concerns or abuse.
- Working in partnership with external agencies is essential to supporting children and families.
- Parents/carers are to be kept aware of their role in child protection and safeguarding; working with families as a matter of good practice to inform them of any referrals made unless it is agreed that doing so may/will put the pupil at risk from harm.
- Every complaint or suspicion of abuse from within or outside the school will be taken seriously and will

- be referred to an external agency such as children’s social care, LA designated officer(s), or the police.
- We commit to teaching children about how to keep themselves and their peers safe and healthy, through our teaching and learning, extra-curricular activities, pastoral care and extended school activities. We will teach about safeguarding, including keeping safe online, as part of providing a broad and balanced curriculum covering relevant issues through personal, social health and economic education.

2. Legislation and statutory guidance

This policy is based on the Department for Education’s latest statutory guidance, Keeping Children Safe in Education 2023, Working Together to Safeguard Children 2018, and the Governance Handbook 2017. We comply with the guidance and procedures set out by our local safeguarding partnership, along with the following legislation and subsequent amendments.

- The Children’s Act 1989
- Early Years and Foundation Stage Statutory Framework ‘s, 2021
- Disqualification under the Childcare Act 2006, (updated 31 August 2018)
- The Revised Prevent Duty Guidance: for England and Wales, updated April 2021
- S175/S157 Education Act 2002
- Education And Skills Act 2008
- Human Rights Act 1998 and Data Protection 1998/2018
- Freedom Of Information Act 2000
- Sexual Offences Act 2003
- Health & Safety At Work Act 1974
- The Management Of Health & Safety Regulations 1999
- Health & Safety Responsibilities and Powers 2001
- Disability Discrimination Acts 1995 & 2005
- DfE Guidance “Safeguarding Children And Safer Recruitment In Education” 2011
- “Working Together to Safeguard Children” 2018 and Updated 2020
- Multi-Agency Statutory Guidance on Female Genital Mutilation: April 2016
- Mandatory Reporting Of FGM: Procedural Information 2016
- Sexual Violence and Sexual Harassment Between Children in Schools and Colleges 2021
- Mental Health and Behaviour in Schools (November 2018)
- Preventing and Tackling Bullying (July 2017)
- Keeping Children Safe in Education, September 2023 (*‘KCSIE 2023’*)

3. Equality Statement

E21C Trust is committed to anti-discriminatory practices and recognises the importance of removing barriers to disclosing abuse, especially for pupils who have an increased risk of abuse. We give special consideration to children and young people who:

- have Special Educational Needs and Disabilities (SEND)
- are currently, or have been previously looked-after
- are young carers
- have English as an additional language; are asylum seekers
- may experience discrimination due to their race, ethnicity, religion, gender identification or sexuality
- are known to be living in difficult situations – for example, temporary accommodation or where there are issues such as substance/alcohol abuse or domestic violence or where they are at risk of FGM, sexual exploitation, forced marriage, or radicalisation

4. Key responsibilities

All staff will promote the welfare of children and young people, safeguarding their wellbeing by endeavouring to protect them from maltreatment; or circumstances that could impair health or development; ensuring that children and young people grow up in circumstances consistent with the provision of safe and effective care; and by taking appropriate action to enable all pupils to have the best outcomes. This relates to staff who are working in schools, volunteers, trainee teachers, supply staff, LABs and the central team.

When visiting schools, all visitors will be expected to sign-in using the designated system and will be provided with a lanyard that they are expected to wear at all times. All E21C staff wear black lanyards, visitors wear **blue or green** and any visitor that is not DBS checked and requires to be supervised at all times will wear a **red** lanyard.

All school staff are expected to have Read Part 1 of the DfE's statutory safeguarding guidance, Keeping Children Safe in Education (2023), along with Annex B, (at the discretion of schools, Annex A of KCSIE 2023, can be read by staff who do not work directly with children.) This document sets out the legal duties to be followed to safeguard and promote the welfare of children and young people under the age of 18 in all schools and colleges.

Those responsible for the management of safeguarding in schools, e.g. senior leadership teams, HR etc. should read the document in its entirety.

All staff should be aware of the process for making referrals to children's social care and for statutory assessments under the Children Act 1989, especially section 17 (children in need) and section 47 (a child suffering, or likely to suffer, significant harm) that may follow a referral, along with the role they might be expected to play in such assessments.

4.1 Staff will be aware of:

- Promoting a caring, safe and positive environment that encourages self-esteem and assertiveness - maintaining an ethos where pupils feel secure and have opportunities to talk and are listened to.
- School systems which support safeguarding, including the staff code of conduct, the role of the DSL, the behaviour policy, and the safeguarding response to children who go missing from school.
- Their role in working with agencies, as part of the Early Help process involved in safeguarding pupils, including identifying emerging problems.
- Ways to support all pupils especially those vulnerable to abuse through sensitive monitoring, by ensuring that all pupils have a network of people they can go to if necessary.
- The possible increased vulnerability of pupils with additional needs and those who have been bullied or isolated by their peers in the past, e.g. SEND pupils.
- Opportunities within curriculum time which equip pupils with the skills they need to stay safe from harm; that is appropriate to their age and development and to know who to go to for help.
- When to report and share information, whom it should be shared with and will only disclose the information on a 'need to know' basis.
- The different types of abuse and the effects of witnessing abuse and adverse childhood experiences – including online safety, filtering/monitoring and contextual issues that are local to the school.
- The experiences of children and young people of sexual harassment and abuse on and off-line.
- Their professional responsibility to disclose information and they cannot promise a pupil to say nothing/keep it a secret.

E21C Trust recognises that staff /volunteers/supply teachers may find disclosures and child protection situations stressful and upsetting and will provide the opportunity to talk through concerns or anxieties with the DSL and to seek further support as appropriate.

Staff may raise concerns directly with Children's Social Care services and are expected to report all concerns

to their school's DSL. If staff have a safeguarding concern regarding adults in the school this should be raised with the Headteacher as soon as possible. If the allegation is made against the Headteacher, the DSL will inform the Chair of the LAB and they will discuss the allegation with the Local Authority's Designated Officer (LADO).

4.2 Headteacher

Will ensure policies and procedures adopted by the LAB associated with protecting children are fully implemented, understood and followed by all staff. The Headteacher will ensure that the DSL and DDSLs are properly supported with adequate time, training and resources and that there is always adequate cover if the DSL is absent. The Head will ensure their school maintains up-to-date records of all safeguarding concerns, using our online safeguarding recording tool for concerns, LADO referrals, physical restraint incidents and first aid incidents.

Schools will ensure there are two emergency contacts for every child in school.

4.3 Designated Safeguarding Lead (DSL) / Deputy Designated Safeguarding Lead (DDSL)

All schools have appointed a member of the senior leadership team as the Designated Safeguarding Lead (DSL). The DSL has the overall responsibility for the day-to-day oversight of safeguarding and child protection systems (including online safety) in school and has received specific training to provide them with the knowledge and skills required. The DSL is given the time, funding, training, resources and support to provide advice and support to other staff on child welfare and child protection matters, to take part in strategy discussions and inter-agency meetings, and/or to support other staff to do so, and to contribute to the assessment of children.

The role requires the DSL to...

- Ensure child protection procedures are in place and updated as appropriate
- Ensure all staff are aware of E21C Trust's, the LA's and the School's policy and procedures
- Be available to provide advice/support to staff and for a confidential discussion about concerns
- Be available to provide support to pupils
- Liaise with the Headteacher to keep them informed regarding child protection procedures and matters
- Liaise with Social Services and other relevant agencies
- Ensure records are kept of any concerns/suspected cases of abuse/referrals
- Check the school's online safeguarding system is up-to-date and that staff are proficient in using it
- First point of contact for external agencies that are pursuing Child Protection investigations
- Coordinate arrangements for monitoring of pupils on roll who are in need of protection
- Co-ordinates the School's representation at CP conferences and Core Group meetings and the submission of written reports for conferences
- To keep an up-to-date list of pupils on the child protection register
- To keep an up-to-date list of children looked after
- Ensuring that any pupil currently on the Child Protection Register who is absent without explanation for two days is referred to Social Services
- Ensure that all the Safeguarding team have up-to-date contact information for local Social Services
- Review data to analyse trends and patterns, to develop preventative strategies
Support teaching staff to provide additional academic support or reasonable adjustments to help children who have or have had a social worker reach their potential, recognising that even when statutory social care intervention has ended, there is still a lasting impact on children.
- The DSL is expected to be aware that children must have an 'appropriate adult'.

4.4 Working with the DSL

When an individual concern/incident is brought to the notice of the DSL they will be responsible for deciding whether or not this should be reported on as a child protection or safeguarding issue. Where there is doubt as to the seriousness of this concern or disagreement between the DSL and the member of staff reporting

the concern, advice will be sought from social care. However, in exceptional circumstances, such as in an emergency or a genuine concern that appropriate action has not been taken, staff members can speak directly to children's social care. The member of staff who makes this disclosure to children's social care should inform the DSL or Headteacher immediately.

Prior to any written referral being sent to social care, there should be a verbal consultation with social care by calling the local social care duty desk e.g. the Front Door service.

The parent/carer will normally be contacted to obtain their consent before a referral is made. However, if the concern involves, for example, alleged or suspected child sexual abuse, honour-based violence, fabricated or induced illness or the DSL has reason to believe that informing the parent at this stage might compromise the safety of the child or a staff member, nothing should be said to the parent/carer ahead of the referral, but a rationale for the decision to progress without consent should be provided with the referral.

5. Early Help

If staff members have any concerns about a pupil (as opposed to a pupil being in immediate danger) a referral to a specialist service or early help services should be made. If early help or other support is appropriate, the case will be kept under review and consideration given to a referral to Children's Social Care if the child's situation does not appear to be improving.

6. Child Protection Referrals

All members of staff and volunteers at school are expected to be vigilant and look out for:

- Sudden changes in pupil behaviour
- Pupils becoming withdrawn
- Unexplained bruising/injury
- Unexplained absence that is suspect - it may be the pupil is kept at home to hide signs of abuse
- Reluctance to leave the classroom because "something" needs to be discussed
- Conversation in which a pupil reveals information of a worrying nature

Any member of staff who has reason to be concerned should always act in the best interest of the child or young person and inform the DSL of their concerns, any signs of abuse, (see Appendix 1 for different types of abuse) and details of the pupil's disclosure, and any anxieties about the family. **Child protection referrals once reported to the DSL, should only be made by the DSL, or nominated Deputy**, rather than other members of staff.

A pupil may quite innocently disclose details of abuse that occurs within the family. It is also the case that pupils with experience of abuse may unburden themselves to a member of staff as an adult they can trust. Some members of staff feel disloyal and uncomfortable in reporting abuse; all members of staff have a duty to report findings to the DSL or DDSL. **Do not investigate suspicions regarding child protection issues. Find your DSL immediately, without delay to inform them of the concern.**

If a child discloses a safeguarding issue to a member of staff they should:

- Listen to and believe them and allow them time to talk freely and do not ask leading questions.
- Explain that the disclosure must be reported – it is important for members of staff to stress that they want to help by passing the information to the correct person and cannot keep it a secret.
- Staff should not take a decision as to whether or not the abuse has taken place.
- Stay calm and do not show that they are shocked or upset.
- Tell the child they have done the right thing in telling, without saying they should have told sooner.
- Explain what will happen next and that the information will have to be passed on.
- Write up the conversation as soon as possible in the child's own words. Sticking to the facts, without including any judgement, including as much detail as possible.
- The record should include the date, time and place of the conversation and the essence of what was

said and done by whom and in whose presence.

- Any actions taken should be noted and the reasons.
- The record should be dated and signed by the person making it and should use names, not initials.
- **The record/evidence must be kept securely and handed to the DSL as soon as possible.** If the school is using a digital referral system, record the information as shown by the DSL. This should not replace speaking with the DSL.
- Alternatively, if appropriate, make a referral to children's social care and/or the police directly and tell the DSL as soon as possible that you have done so. For the avoidance of doubt, any member of staff can make a referral to the police and/or children's social care if necessary.
- Once reported to the DSL, record concerns onto the school's safeguarding system in accordance with the procedures set out in school.

It is important that the concerns and fears are not discussed with the parent(s) or indeed with anyone who is not involved in the case of the pupil. If the pupil's allegations prove to be untrue, reporting them to someone not concerned with the case, may be deemed defamatory.

All staff should be aware that children may not feel ready or know how to tell someone that they are being abused, exploited, or neglected, and/or they may not recognise their experiences as harmful. For example, children may feel embarrassed, humiliated, or they may be being threatened. This could be due to their vulnerability, disability and/or sexual orientation or language barriers. This should not prevent staff from having a professional curiosity and speaking to the DSL if they have concerns about a child.

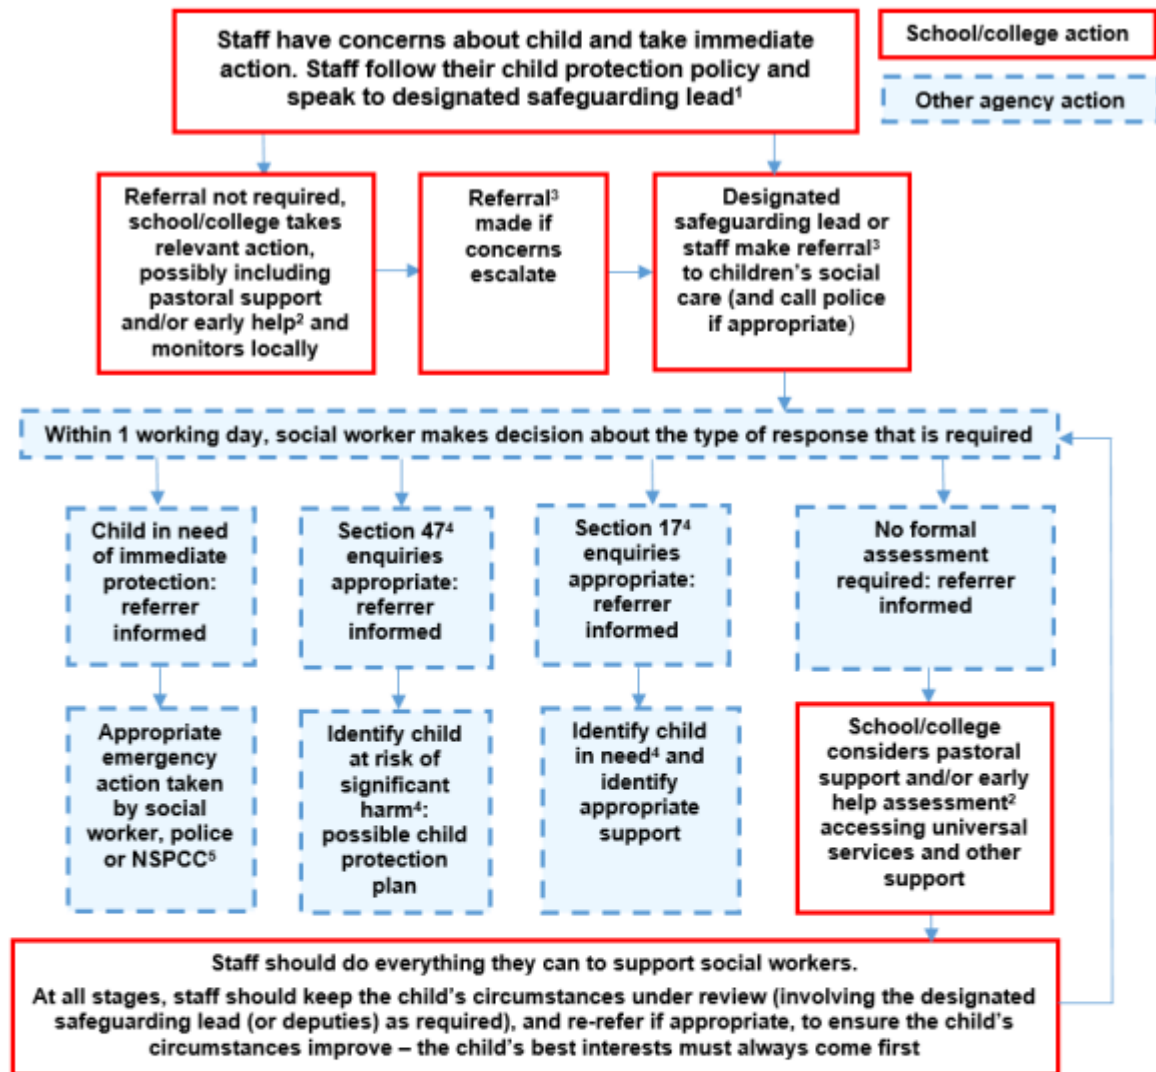

The DSL will then act on evidence and record on the school's Safeguarding software what follow-up was taken by the school. This log must be completed by the end of the school day or as soon as possible.

In circumstances where a child has an unexplained or suspicious injury that requires urgent medical attention, the child protection referral process should not delay the administration of first aid or emergency medical assistance. If a child or young person is thought to be at immediate risk because of parental violence, intoxication, substance abuse, mental illness, or threats to remove the child during the school day, for example, urgent Police intervention will be requested.

The School has a legal duty to report all suspected incidents where a child sustains physical injury or is distressed as a result of reported chastisement or alleges that they have been chastised by the use of an implement or substance (or where there is evidence to suggest that the child is suffering/suffered through Child Sexual Exploitation, Female Genital Mutilation, Forced Marriage, Honour Based Violence, Domestic Abuse and Child abuse through faith or belief) to Social Services and the Police Service [via our Safer Schools Police Officer or in their absence] by calling **101 immediately**. If a pupil is required to be examined by the child protection team or the medical staff, another member of staff should also be present. Pupils should never be asked to remove clothing as part of the examination.

Children Absent from Education (CME) is a safeguarding matter and attendance, absence and exclusions are closely monitored. A pupil going missing from education is a potential indicator of abuse, and neglect, including sexual abuse and sexual exploitation. **See the Attendance and Admission policy for more information on procedures related to CME.** The DSLs will monitor unauthorised absences and take appropriate actions including notifying the Local Authority, particularly where pupils go missing on repeated occasions. Staff must be alert to the signs of pupils at risk of travelling to conflict zones, female genital mutilation and forced marriage.

6.1 KCSIE diagram below for actions related to making a referral concerning a child in school.

¹ In cases which also involve a concern or an allegation of abuse against a staff member, see Part Four of the full version of KCSIE.

² Early help means providing support as soon as a problem emerges at any point in a child's life. Where a child would benefit from co-ordinated early help, an early help inter-agency assessment should be arranged. Chapter one of [Working Together to Safeguard Children](#) provides detailed guidance on the early help process.

³ Referrals should follow the process set out in the local threshold document and local protocol for assessment. Chapter one of [Working Together to Safeguard Children](#).

⁴ Under the Children Act 1989, local authorities are required to provide services for children in need for the purposes of safeguarding and promoting their welfare. Children in need may be assessed under section 17 of the Children Act 1989. Under section 47 of the Children Act 1989, where a local authority has reasonable cause to suspect that a child is suffering or likely to suffer significant harm, it has a duty to make enquiries to decide whether to take action to safeguard or promote the child's welfare. Full details are in Chapter one of [Working Together to Safeguard Children](#).

⁵ This could include applying for an Emergency Protection Order (EPO).

Once a child protection referral is made to the DSL in school, they will check the postcode of the child and will contact an appropriate agency. In a circumstance where neither the DSL, the Headteacher nor a line manager is available, staff can also contact the appropriate agency (KCSIE 2023).

6.2 Recording of concerns

E21C Trust requires all staff to record non-urgent concerns on their school's safeguarding system, as soon as possible, within the same day. Any urgent concerns, where a child might be at risk of significant or immediate harm must be reported immediately to the DSL (or in their absence the DDSL) and then reported on the schools' safeguarding system, as soon as possible within the same day or as directed by the DSL on that occasion. All reports will include complete details of the child, any others involved and of the incident. All names will be written in full, and all people mentioned will give their designation (i.e. Deborah Jones, Head of English.)

The DSL/DDSL will be responsible for recording information about each case and for collecting reports and notes from those involved. In the case of child protection matters, the DSL should not collect incident reports from the pupil ask the person who initially listened to the pupil to record what the pupil said on the school's safeguarding platform.

6.3 Confidentiality

Staff have the professional responsibility to share relevant information about the protection of children with other practitioners particularly investigating agencies. Staff who receive the information about pupils and families in the course of their work should have the information only within the professional context and must not use or disclose it except in the proper performance of their duties. Child protection records should be kept securely locked and used in line with the GDPR regulations. Security and confidentiality equally apply to documents stored online within schools.

7. Child Protection Case Conferences

- It would be usual for the DSL to attend the case conference.
- If invited, staff will be given time/cover to enable them to attend where possible.
- A full report is produced and sent to the conference administration 5 days prior to the conference as required by the local authority, assuming requests are received in good time.

The Data Protection Act 2018 and GDPR DO NOT prevent the sharing of information for the purposes of keeping children safe. Fears about sharing information MUST NOT be allowed to stand in the way of the need to promote the welfare and protect the safety of children (KCSIE 2023).

8. Multi-Agency Working

E21C Trust has a pivotal role to play in multi-agency safeguarding arrangements and works in line with the guidance entitled 'Working together to Safeguard Children'. Our schools train and engage with the local Safeguarding Partnership which is made up of the Police, Education, Health and Social Care.

Sharing of information is essential to ensure the welfare, care, and safety of pupils.

9. Abuse by Trust Employees or Supply Staff

- It is essential that if ever there is a case of suspected abuse or inappropriate behaviour by a member of staff or supply staff, action is taken quickly and professionally in the interest and welfare of the pupil
- In the rare event that a member of staff suspects another member of staff or supply staff of being involved in abuse or inappropriate behaviour, it is their responsibility to discuss these concerns with the Headteacher and DSL or Deputies, except where the suspect is either of these.
- Other than in a case where the suspected person is the Headteacher, the Headteacher should be immediately informed. The Head should contact the LADO and Trust safeguarding lead immediately, in addition to following the normal procedures for child protection.
- Where the Headteacher is suspected, the DSL should contact the LADO, Trust safeguarding lead and Chair of the LAB.

All E21C Trust schools have a **Whistleblowing Policy** which is available on the school's website and updated regularly. This policy is referred to in training and staff are encouraged to use it if necessary.

9.1 Low-level concerns

Our schools promote an open and transparent culture in which all concerns about all adults working in or on behalf of the school (including supply teachers, volunteers, and contractors) are dealt with promptly and appropriately. The definition of a 'low-level' concern does not mean that it is insignificant. KCSIE defines low-level concerns as any concern – *'no matter how small, and even if no more than causing a sense of unease or a 'nagging doubt''* - that an adult working in or on behalf of the school or college may have acted in a way that:

- is inconsistent with the staff code of conduct, including inappropriate conduct outside of work; and
- does not meet the harm threshold or is otherwise not serious enough to consider a referral to the LADO.

'Examples of such behaviour could include, but are not limited to:

- being over-friendly with children;
- having favourites;
- taking photographs of children on their mobile phone;
- engaging with a child on a one-to-one basis in a secluded area or behind a closed door; or,
- using inappropriate sexualised, intimidating, or offensive language.

Staff should report low-level concerns when they are concerned about the conduct of staff or about an incident related to themselves. Our schools create a transparent culture where we encourage staff to self-refer for support. All staff sign a code of conduct and are aware of the professional expectations when working in a school setting and with children of school age.

Staff can speak with the DSL about low-level concerns related to colleagues, however, must use the whistleblowing policy for serious concerns. 'Incidents or concerns related to supply staff and contractors will be notified to their employers, so patterns of inappropriate behaviour can be identified.

All incidents will be recorded, but will be kept confidential, complying with the Data Protection Act 2018 and the UK General Data Protection Regulation (UK GDPR.) It is good practice for DSLs to review records to identify potential patterns of concerning, inappropriate or problematic behaviour.

Where schools are used for non-school activities, those providers are expected to meet the guidance in Keeping Children Safe in Out of School Settings (see paragraph 167.) If schools receive allegations related to an incident that 'happened when an individual or organisation was using their school premises for the purposes of running activities for children...the school will follow their safeguarding policies and procedures, including informing the LADO.

9.2 Allegations against staff:

- If a pupil makes an allegation against a member of staff, the person receiving the disclosure will:
 - Take the allegation seriously
 - Inform the DSL or Headteacher immediately
 - Accurately record what they have been told/observed and respect confidentiality
- The DSL or Headteacher will discuss the allegation with the LADO and Trust safeguarding lead
- If the allegation is made against the Headteacher, then the DSL will inform the Chair of the LAB and they will discuss the allegation with the LADO

The table below highlights different types and levels of concern relating to staff behaviour:

Allegation

Behaviour which indicates that an adult who works with children has:

- behaved in a way that has harmed a child, or may have harmed a child;
- possibly committed a criminal offence against or related to a child;
- behaved towards a child or children in a way that indicates they may pose a risk of harm to children.

Low-Level Concern

Any concern – no matter how small, even if no more than a ‘nagging doubt’ – that an adult may have acted in a manner which:

- is not consistent with an organisation’s Code of Conduct, and/or
- relates to their conduct outside of work which, even if not linked to a particular act or omission, has caused a sense of unease about that adult’s suitability to work with children.

Appropriate Conduct

Behaviour which is entirely consistent with the organisation’s Code of Conduct, and the law.

10. When to call the Police

The DSL and any deputies should liaise with the three safeguarding partners and work with other agencies in line with ‘Working Together to Safeguard Children’. ‘NSPCC - When to call the Police’ helps Headteachers and DSLs understand when they should consider calling the police and what to expect when they do.

If a member of staff, in the course of their work in the profession, **discovers that an act of Female Genital Mutilation appears to have been carried out on a girl under the age of 18**, they must report this to the police, supported by the DSL; this is a statutory duty.

11. Special Educational Needs

Children and young people with Special Educational Needs and Disabilities can face additional safeguarding challenges because:

- There may be assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child’s disability without further exploration;
- Pupils with SEND can be more prone to peer group isolation or bullying (including prejudice-based bullying) than other children;
- Pupils with SEND can be disproportionately impacted by things like bullying without outwardly showing any signs; and
- Difficulties may arise in overcoming communication barriers

Our schools identify pupils who might need more support to be kept safe or to keep themselves safe by:

- Identifying those with additional needs and monitoring their progress closely
- Building positive relationships with parents and children
- Giving access to services in school e.g. counselling services
- Referrals to external agencies as appropriate etc.

12. Children Looked After (and previously children looked after)

Looked-after children (and previously looked-after children) are a particularly vulnerable group. Schools will ensure that prompt action is taken when necessary to safeguard these children and the LAB and Trust ensures that staff have the skills, knowledge and understanding necessary to keep safe any children on roll who are looked after (and previously looked after) by a local authority.

Each school's designated member of teaching staff has responsibility for their welfare and progress, will ensure that the needs identified in personal education plans are met. The school ensures that the designated member of staff receives appropriate training to carry out their role and has the information they need in relation to any child's looked-after status, their care arrangements (including contact arrangements with birth parents and those with parental responsibility) and details of the child's social worker and virtual school head.

The designated member of staff will also have responsibility for promoting the educational achievement of children who have left care through adoption, special guardianship, or child arrangement orders or who were adopted from state care and will work closely with virtual school heads to promote their educational achievement. The DSL will ensure they have details of the local authority Personal Advisor appointed to guide and support any care leavers and will liaise with them as necessary regarding any issues of concern affecting them.

All E21C Trust schools have a 'Children Looked After Policy' which updated bi-yearly. This policy is referred to in training and staff are encouraged to use it if necessary.

13. Mental Health

All staff should also be aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation. Only appropriately trained professionals should attempt to make a diagnosis of a mental health problem. All staff, however, are well placed to observe children day-to-day and identify those whose behaviour suggests that they may be experiencing a mental health problem or be at risk of developing one. Through our training, staff will be made aware of how to recognise different behaviours associated with different types of abuse. It is key that staff are aware of how these children's experiences can impact on their mental health, behaviour, and education.

13.1 Children requiring mental health support

Schools have an important role to play in supporting the mental health and well-being of pupils. Mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation. E21C Trust has systems and processes in place for identifying possible mental health problems, including routes to escalate and clear referral and accountability systems. We access a range of advice to help identify children in need of extra mental health support, this includes working with external agencies. More information can be found in Mental Health and Behaviour in Schools' Guidance (November 2018).

14. Review procedures

Staff training procedures will ensure:

- All staff will be kept up to date on safeguarding issues and will be able to identify concerns and understand protocols to protect and safeguard pupils

- All members of staff know how to respond to a pupil who makes a disclosure
- All staff are made aware of their responsibilities in reporting concerns about a colleague's behaviour
- The DSL and deputies will undertake refresher training once every 2 years, with an annual update
- All Trustees, members of LABs, staff and volunteers will undertake refresher training once every 3 years as a minimum
- All new trustees, members of the LAB, staff, supply teachers and volunteers will also undertake induction training on child protection/safeguarding. Training will cover child protection policy, behaviour policy, the staff code of conduct, and the safeguarding response to children who go missing from education and the role of the DSL
- All Trustees, members of the LAB and staff will have read and understood Part 1 and Annex B or have read Annex A, of KCSIE 2023.
- Dealing with A Disclosure of Abuse - All staff will be made fully aware of their responsibilities in reporting concerns regarding a colleague's behaviour.
- Through mandatory training, INSET days, online courses, and Appendix 1 of this policy all staff will receive training on recognising signs of abuse.

14.1 Reviewing Cases

The DSL and DDSL will meet on a weekly basis to discuss child protection and Child in Need cases, these meetings will be minuted. The DSLs will take part in regular de-briefing sessions throughline management. Each term, the DSL will review all cases and evaluate how well the school managed the cases. The following procedure will be used as a guideline:

- Were the "Keeping Children Safe in Education" guidelines followed?
- Were the records produced appropriate?
- Did the external agencies respond appropriately?
- How was the involvement of family members dealt with?
- Was the case well managed 'by the school'; are improvements needed?

LAB will receive regular reports about all child protection/safeguarding matters, i.e. numbers of child protection referrals and allegations against staff and trustees will receive summary reports covering such matters across all trust schools.

E21C Trust takes part in yearly audits and schools may take part in audits issued by their local authority.

15. Safer Recruitment

- The school will implement their responsibilities for safer recruitment as recommended in the updated Safeguarding Children and Safer Recruitment legislation
- The Headteacher and members of the leadership team will complete Safer Recruitment training
- There will be at least one member of the interview panel that has completed safer recruitment training
- Two references will be obtained and scrutinised before an offer is made and open references will not be accepted.
- The provider of any reference received should be contacted to verify the validity of the reference.
- All staff offered positions at the school have offers made subject to an enhanced DBS check the results of which are satisfactory to the E21C Trust. Additional checks may be carried out, e.g. on social media. See the E21C Social Media and the E21C ICT Acceptable Use policy.
- The school's Single Central Register is updated to include information relating to recruitment and checks. Please refer to the Safer Recruitment Policy.

Short-term volunteers (less than a week, or a day visit) are unsupervised while on site, and where appropriate, if they hold a current DBS, they are asked to bring that with them while visiting the school. Visiting guest speakers are researched and verified by the DSL in advance of their visit. DBSs are requested to be seen and if they are not seen; the guest will be accompanied at all times.

S128 checks are carried out on All Members, Trustees, LABs, Teachers, and Senior non-teaching staff, including the Executive Leadership Team. These are completed routinely and recorded on the SCR.

Individuals who have lived or worked outside the UK must undergo the same checks as all other staff in schools. In addition, schools must make any further checks they think appropriate so that any relevant events that occurred outside the UK can be considered. The Home Office guidance on criminal records checks for overseas applicants can be found on GOV.UK. These further checks should include a check for information about any teacher sanction or restriction that an EEA professional regulating authority has imposed, using the TRA Teacher Services' web page.

15.1 Contractors

The school checks the identity of all contractors working on-site and requests DBS with barred list checks where required by statutory guidance. Contractors who have not undergone checks will not be allowed to work unsupervised during the school day.

15.2 Agency and Third-Party Staff (Supply Staff)

The school will obtain written notification from any agency, or third-party organisation they use, to confirm that the organisation has carried out the relevant employment and safety checks (in respect of the enhanced DBS certificate, written notification that confirms the certificate has been obtained by either the employment business or another such business), on an individual who will be working at the school.

We require a barred list check, and this must be obtained by the agency or third party prior to appointing the individual. The schools must also check that the person presenting themselves for work is the same person on whom the checks have been made and therefore photo ID will be requested prior to the individual being allowed unsupervised access to pupils.

16. Technology

To ensure the safeguarding of pupils, staff should NOT use their mobile phones in class. If there is a one-off emergency and a member of staff's mobile phone needs to be on silent for a specific time, they are to seek the permission of the Headteacher or Deputy Headteacher in their absence.

Staff should not use their own cameras or other recording devices to photograph or record pupils either in school, during visits or outside of school.

Anything relating to E21C Trust schools, especially information on pupils, should be emailed via staff Trust email accounts and never personal email accounts as this leaves staff vulnerable to safeguarding issues. All email accounts in E21C Trust follow the format of initial and surname@name of their school.e21c.co.uk. Therefore: initialsurname@blenheim.e21c.co.uk; initialsurname@coopers.e21c.co.uk; initialsurname@eph.e21c.co.uk; initialsurname@meadroad.e21c.co.uk; initialsurname@ravensworth.e21c.co.uk; initialsurname@scottspark.e21c.co.uk; initialsurname@spires.e21c.co.uk; initialsurname@trs.e21c.co.uk. Email addresses for members of the central team follow the format of initialsurname@e21c.co.uk.

It is a disciplinary offence to send any unsuitable adult or discriminatory material through the school's network, or to make derogatory comments about pupils or staff, or to bring the school into disrepute.

17. E-Safety

Most of our pupils will use mobile phones and computers at some time. They are a source of fun, entertainment, communication and education. However, some individuals use these devices and technologies to harm children. The harm might range from sending hurtful or abusive texts and emails, to

enticing pupils to engage in sexually harmful conversations, webcam photography or face-to-face meetings.

Cyber-bullying by pupils, via texts and emails, will be treated as seriously as any other type of bullying and will be managed through our anti-bullying procedures. Chat rooms and social networking sites are not allowed to be accessed in school.

No pupils in our schools, past or present, should be on staff social media accounts. If a pupil tries to contact a member of staff online e.g. via Facebook, they should immediately inform the DSL. It is a serious disciplinary offence for a member of staff to contact any child on any social media platform. It is also a serious disciplinary offence to bring the school, E21C Trust or its staff into disrepute in any way by writing or implying derogatory comments about them online. The online safety curriculum at all schools is written in line with the guidance, 'Teaching on-line safety in schools,' June 2019. A whole school approach is taken to online safety, with lessons during PSHE lessons, assemblies etc.

17.1 Filtering and monitoring

The DSL takes lead responsibility for understanding the filtering and monitoring systems in place at the school and the training that all staff receive. KCSIE 2023 signposts schools and colleges to the DfE's latest filtering and monitoring standards and cyber security standards for schools and colleges, which schools should read and have regard to when assessing whether their filtering and monitoring systems are appropriate. Our schools have monitoring filters to safeguard children from potential harm and inappropriate material.

18. Extended School and Off-Site Arrangements

Where extended school activities are provided by and managed by the school, the school's own safeguarding and child protection policy and procedures apply. If other organisations provide services or activities on the school's site, the school will check that they have appropriate procedures in place, including safer recruitment procedures. When pupils attend off-site activities during school hours, the school will check that effective child protection and safeguarding arrangements are in place.

19. Sexual Violence and Sexual Harassment Abuse by Young People

All schools have been asked to consider that all children and young people may have been exposed to sexual harassment and sexualised content. Pupils and young people may exhibit a range of sexually problematic behaviour such as indecent exposure, obscene telephone calls, fetishism, and sexual abuse.

Developmental sexual activity encompasses actions that are to be expected from pupils and young people as they move from infancy through to an adult understanding of their physical, emotional, and behavioural relationships with each other. Inappropriate sexual behaviour can be inappropriate socially, inappropriate to development, or both. It is important to consider what negative effects it has on any of the parties involved and what concerns it raises about a pupil.

It should be recognised that some actions may be motivated by information seeking, but still cause significant upset, confusion, worry, physical damage, etc. It may also be that the behaviour is "acting out" which may derive from other sexual situations to which the pupil or young person has been exposed.

Abusive sexual activity includes any behaviour involving coercion, threats, aggression, together with secrecy, or where one participant relies on an unequal power base. Pupils who are victims of sexual violence or sexual harassment will likely find the experience stressful and distressing, which could adversely affect their educational attainment. It is important that all victims are taken seriously and offered appropriate support.

Staff should be aware of the importance of:

- Making clear that sexual violence and sexual harassment is not acceptable, will never be tolerated.
- Knowing that abuse is abuse and should never be tolerated or passed off as 'banter', 'just having a laugh' or 'part of growing up'.
- Challenging behaviours (potentially criminal) such as grabbing bottoms, breasts, or genitalia, flicking bras and lifting skirts up. Dismissing or tolerating such behaviours risks normalising them.

Staff will receive training to identify sexualised behaviour using the continuum below.

Figure 1. Definition: Sexual behaviours across a continuum

Normal	Inappropriate	Problematic	Abusive	Violent
- Developmentally expected - Socially acceptable - Consensual, mutual, reciprocal - Shared decision-making	- Single instances of inappropriate sexual behaviour - Socially acceptable behaviour within peer group - Context for behaviour may be inappropriate - Generally consensual and reciprocal	- Problematic and concerning behaviour - Developmentally unusual and socially unexpected - No overt elements of victimisation - Consent issues may be unclear - May lack reciprocity or equal power - May include levels of compulsivity	- Victimising intent or outcome - Includes misuse of power - Coercion and force to ensure victim compliance - Intrusive - Informed consent lacking or not able to be freely given by victim - May include elements of expressive violence	- Physically violent sexual abuse - Highly intrusive - Instrumental violence that is psychologically and/or sexually arousing to the perpetrator - Sadism

Source: Hackett, S, 'Children, young people and sexual violence' in 'Children behaving badly? Exploring peer violence between children and young people', 2010.

What is consent?

Consent is having freedom and capacity to choose. Consent to sexual activity may be given to one sort of sexual activity but not another, e.g. to vaginal but not anal sex or penetration. Consent can be withdrawn at any time during the sexual activity and each time activity occurs.

The response to a report of sexual violence

The initial response to a report from a pupil is important. It is essential that all victims are reassured that they are being taken seriously and they will be kept safe and supported. A victim should never be given the impression that they are creating a problem by reporting the sexual violence or sexual harassment. A victim should not be made to feel ashamed for making a report. Please see the flowchart for dealing with allegations of sexual violence and sexual harassment and supporting victims, alleged perpetrators and other children.

Safeguarding and supporting victims and alleged perpetrators

Victim	Alleged Perpetrator	Other children
<ul style="list-style-type: none"> needs and wishes of victim are paramount not made to feel they are the problem consider proportionality of response aim for victim to carry out normal routine recognise that they may struggle in class and may need time out (if they wish) be aware that they may not disclose the whole picture immediately prepare for support over a long period and consider who is involved (internal and external) if victim moves school, the Designated Safeguarding Lead (DSL) informs the new school of the need for continued support 	<ul style="list-style-type: none"> possible tension between discipline and support (these are not mutually exclusive) consider age/ developmental stage/any SEND proportionate response consider unmet needs (for example, harmful sexual behaviours (HBV) in younger children may be a sign or abuse or trauma) if (alleged) perpetrator moves school, the Designated Safeguarding Lead (DSL) informs the new school of the issues and transfers the child protection file 	<ul style="list-style-type: none"> witnesses may need support (especially in cases of sexual violence) avoid allowing pupils to 'take sides' minimise potential for bullying or victimisation in school and on school transport be aware of any social media use and inappropriate or even illegal posts (especially in cases of criminal investigation where anonymity is legally guaranteed) develop safeguarding culture constantly review reporting procedures and responses consider potential for systematic and environmental weaknesses

Assessment

In order to more fully determine the nature of the incident the following factors should be given consideration.

The presence of exploitation in terms of:

- **Equality** – consider differentials of physical, cognitive and emotional development, power and control and authority, passive and assertive tendencies
- **Consent** – agreement including all the following:
 - Understanding what is proposed based on age, maturity, development level, functioning and experience
 - Knowledge of society's standards for what is being proposed
 - Awareness of potential consequences and alternatives
 - Assumption that agreements or disagreements will be respected equally
 - Voluntary decision
 - Mental competence.
- **Coercion** – the young perpetrator who abuses may use techniques like bribing, manipulation and emotional threats of secondary gains and losses that is loss of love, friendship, etc. Some may use physical force, brutality, or the threat of these regardless of victim resistance.

The DSL will be aware of the local response to sexual violence and sexual harassment and know what local specialist support is available to support all children involved (victims and alleged perpetrators) in sexual violence and sexual harassment, and be confident as to how to access this support

20. Non-Recent Allegations

Allegations against an adult that is no longer working/volunteering with children should be referred to the Police. Where it is known that the adult is still working/volunteering with children, all allegations (including historical/non-recent allegations of abuse) should be referred to the Police and the LADO in the local authority that the adult is working/volunteering.

Where an adult makes an allegation to a school that they were abused as a child, they should be advised to report the allegation to the police. Non-recent allegations should be reported to the LADO in line with the local authority's procedures for dealing with non-recent allegations. Abuse can be reported no matter how long ago it happened.

If an allegation is made against anyone working with children in the School, the School should not undertake their own investigation without prior consultation with the Local Authority 'designated officer' (LADO) or, in the most serious cases, the Police, so as not to jeopardise statutory investigations. In borderline cases, the school may discuss informally with the Local Authority 'designated officer' (LADO) on a no-names basis (if local safeguarding procedures allow). All allegations should be investigated as a priority to avoid any delay.

21. Use of 'Reasonable Force'

There are circumstances when it is appropriate for staff to use reasonable force to safeguard children. The school recognises the additional vulnerability when using reasonable force in response to incidents involving children with SEND, mental health or with medical conditions. The school will consider its duties under the Equality Act 2010 and their Public Sector Equality Duty. Positive and proactive behaviour support, for instance through drawing up individual behaviour plans for more vulnerable children and agreeing them with parents and carers can reduce the occurrence of challenging behaviour and the need to use reasonable force.

The school's procedures for the use of reasonable force can be found in the Behaviour Policy.

Appendix 1 - Recognising Signs of Abuse

Categories of Abuse:

- Physical Abuse
- Emotional Abuse (including Domestic Abuse)
- Sexual Abuse
- Neglect

1.1 Signs of Abuse in Children

The following non-specific signs may indicate something is wrong:

- Significant change in behaviour
- Extreme anger or sadness
- Aggressive and attention-seeking behaviour
- Suspicious bruises with unsatisfactory explanations
- Lack of self-esteem
- Self-injury
- Depression
- Age-inappropriate sexual behaviour
- Child Sexual Exploitation

Risk Indicators

The factors described in this section are frequently found in cases of child abuse. Their presence is not proof that abuse has occurred, but:

- Must be regarded as indicators of the possibility of significant harm
- Justifies the need for careful assessment and discussion with designated/named/lead person, manager, (or in the absence of all those individuals, an experienced colleague)
- May require consultation with and/or referral to Children's Social Services

The absence of such indicators does not mean that abuse or neglect has not occurred. In an abusive relationship, the child may:

- Appear frightened of the parent
- Act in a way that is inappropriate to her/his age and development (though full account needs to be taken of different patterns of development and different ethnic groups)

All children can witness and be adversely affected by domestic abuse in the context of their home life where domestic abuse occurs between family members. Exposure to domestic abuse and/or violence can have a serious, long-lasting emotional and psychological impact on children. In some cases, a child may blame themselves for the abuse or may have had to leave the family home as a result.

The parent or carer may:

- Persistently avoid child health services and treatment of the child's episodic illnesses
- Have unrealistic expectations of the child
- Frequently complain about/to the child and may fail to provide attention or praise (high criticism/low warmth environment)
- Be absent or misusing substances
- Persistently refuse to allow access on home visits
- Be involved in domestic abuse
- Staff should be aware of the potential risk to pupils when individuals, previously known or suspected to have abused pupils, move into the household.

1.2 Recognising Physical Abuse

The following are often regarded as indicators of concern:

- An explanation which is inconsistent with an injury
- Several different explanations provided for an injury
- Unexplained delay in seeking treatment
- The parents/carers are uninterested or undisturbed by an accident or injury
- Parents/carers are absent without good reason when their child is presented for treatment
- Repeated presentation of minor injuries (which may represent a “cry for help” and if ignored could lead to a more serious injury)
- Family use of different doctors and A&E departments
- Reluctance to give information or mention previous injuries.

Bruising

Pupils can have accidental bruising, but the following must be considered as non-accidental unless there is evidence, or an adequate explanation provided:

- Bruising in or around the mouth, which may indicate force feeding
- Two simultaneous bruised eyes, without bruising to the forehead, (rarely accidental)
- Repeated or multiple bruising on the head or on sites unlikely to be injured accidentally
- Variation in colour possibly indicating injuries caused at different times
- The outline of an object used e.g. belt marks, handprints, or a hairbrush
- Bruising or tears around, or behind, the earlobe/s indicating injury by pulling or twisting
- Bruising on the arms, buttocks and thighs may be an indicator of sexual abuse.

Bite Marks

Bite marks can leave clear impressions of the teeth. Human bite marks are oval or crescent shaped. Those broadly over 3cms in diameter are more likely to have been caused by an adult or older child. **A medical opinion should be sought where there is any doubt over the origin of the bite.**

Burns and Scalds

It can be difficult to distinguish between accidental and non-accidental burns and scalds and will always require an experienced medical opinion. Any burn with a clear outline may be suspicious e.g.:

- Circular burns from cigarettes (but may be friction burns if along the bony protuberance of the spine)
- Linear burns from hot metal rods or electrical fire elements
- Burns of uniform depth over a large area
- Scalds that have a line indicating immersion or poured liquid (a child getting into hot water on his/her own accord will struggle to get out and cause splash marks)
- Old scars indicating previous burns/scalds which did not have appropriate treatment or adequate explanation.

Fractures

Fractures may cause pain, swelling and discolouration over a bone or joint. Grounds for concern if:

- The history provided is vague, non-existent, or inconsistent with the fracture type
- There are associated old fractures
- Medical attention is sought after a period of delay when the fracture has caused symptoms such as swelling, pain or loss of movement
- There is an unexplained fracture in the first year of life.

Scars

A large number of scars or scars of different sizes or ages, or on different parts of the body, may suggest abuse.

1.3 Recognising Emotional Abuse

Emotional abuse may be difficult to recognise, as the signs are usually behavioural rather than physical. The manifestations of emotional abuse might also indicate the presence of other kinds of abuse. The indicators of emotional abuse are often also associated with other forms of abuse. The following may be indicators of emotional abuse:

- Developmental delay
- Abnormal attachment between a child and parent/carer e.g. anxious, indiscriminate or non-attachment
- Indiscriminate attachment or failure to attach
- Aggressive behaviour towards others
- Scapegoat within the family
- Frozen watchfulness, particularly in pre-school children
- Low self-esteem and lack of confidence
- Withdrawn or seen as a “loner” – difficulty relating to others.

1.4 Recognising Signs of Sexual Abuse

Boys and girls of all ages may be sexually abused and are frequently scared to say anything due to guilt and/or fear. This is particularly difficult for a child to talk about, and full account should be taken of the cultural sensitivities of any individual child/family. **Recognition can be difficult unless the child discloses and is believed.** There may be no physical signs and indications are likely to be emotional/behavioural.

Some behavioural indicators associated with this form of abuse are:

- Inappropriate sexualised conduct
- Sexually explicit behaviour, play or conversation, inappropriate to the child’s age
- Continual and inappropriate or excessive masturbation
- Self-harm (including eating disorder), self-mutilation and suicide attempts
- Involvement in prostitution or indiscriminate choice of sexual partners
- An anxious unwillingness to remove clothes e.g. for sports events (but this may be related to cultural norms or physical difficulties).

Some physical indicators associated with this form of abuse are:

- Pain or itching of genital area
- Blood on underclothes
- Pregnancy in a younger girl where the identity of the father is not disclosed
- Physical symptoms such as injuries to the genital or anal area, bruising to buttocks, abdomen and thighs, sexually transmitted disease, presence of semen on vagina, anus, external genitalia or clothing.

1.5 Recognising Neglect

Evidence of neglect is built up over a period of time and can cover different aspects of parenting.

Indicators include:

- Failure by parents/carers to meet the basic essential needs e.g. adequate food, clothes, warmth, hygiene and medical care
- A child seen to be listless, apathetic and irresponsible with no apparent medical cause
- Failure of the child to grow within normal expected pattern, with accompanying weight loss
- Child thrives away from home environment
- Child frequently absent from school
- Child left with adults who are intoxicated or violent
- Child abandoned or left alone for excessive periods.

Appendix 2 - Child-on-Child Abuse

This appendix sets out our strategy for improving prevention and identifying and appropriately managing child-on-child abuse. It is reviewed annually and updated as required, to ensure that it continually addresses the risks to which pupils are or may be exposed.

Our schools take a safeguarding approach to all individuals involved in concerns or allegations about child-on-child abuse, including those who are alleged to have been abused, and those who are alleged to have abused their peers. Research has shown that many children who present with harmful behaviour towards others, in the context of child-on-child abuse, are themselves vulnerable and may have been victimised by peers, parents or adults in the community prior to their abuse of peers.

We recognise that all forms of improper behaviour are abuse, and will never be passed off as 'banter', 'just having a laugh', or 'part of growing up'.

All school staff should be aware that safeguarding incidents and/or behaviours can be associated with factors outside the individual schools and/or can occur between children outside of these environments. Extra-familial harms take a variety of forms and children can be vulnerable to multiple harms outlined below.

Child-on-Child Abuse

Safeguarding issues can manifest themselves via child-on-child abuse. This is any form of physical, sexual, emotional and financial abuse, and coercive control, exercised between two or more children and within children's relationships (both intimate and non-intimate). All staff working with children are advised to maintain an attitude of "it could happen here". Staff should recognise that even if there are no reports, it does not mean that child-on-child abuse is not happening, it may be the case that it is just not being reported.

Child-on-Child abuse is most likely to include, but may not be limited to:

- bullying (including cyberbullying);
- physical abuse such as hitting, kicking, shaking, biting, hair pulling, or causing physical harm;
- sexual violence, such as rape, assault by penetration and sexual assault (note that the starting point for such offences is that the matter should be passed to the police);
- sexual harassment, such as sexual comments, remarks, jokes and online sexual harassment, which may be stand-alone or part of a broader pattern of abuse; teenage relationship abuse
- upskirting, which typically involves taking a picture under a person's clothing without them knowing, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm; this is part of the Voyeurism Offences Act April 2019.
- Sending indecent images via device (also known as youth produced sexual imagery); and
- initiation/hazing type violence and rituals.

Further guidance can be obtained within the Anti-Bullying policy.

Any pupil can be vulnerable to child-on-child abuse due to the strength of peer influence during adolescence, but some pupils are particularly vulnerable to abusing or being abused by their peers. Staff will be alert to signs of such abuse amongst all pupils, and individual and situational factors can increase a pupil's vulnerability to abuse by their peers.

We also ensure that we are educating pupils about the nature and prevalence of child-on-child abuse, the positive, responsible and safe use of social media, and the unequivocal facts about consent, via PSHE and the wider curriculum.

Pupils are regularly taught and reminded what to do if they witness or experience such abuse, the effect that it can have on those who experience it and the possible reasons for it, including the vulnerability of those who inflict such abuse. They are informed about the school's approach to such issues, and educating pupils about consent includes teaching them basic facts about consent and the law on sexual activity.

Risk Reduction Assessments and Safety Plans

The school will always carry out a risk assessment to develop a safety plan in respect of:

- any pupil who is alleged to have behaved in a way that is considered to be abusive or violent,
- any pupil who has reportedly been abused or affected by the alleged abusive or violent behaviour by another pupil, or
- any pupil who may be at risk due to the alleged abusive or violent behaviour by another pupil as deemed appropriate by the DSL.

Contextual Issues

Operation Encompass – Domestic Violence

All schools assign themselves to Encompass. This operation helps police and schools work together to provide emotional and practical help to children. The system ensures that when police are called to an incident of domestic abuse, where there are children in the household who have experienced the domestic incident, the police will inform the key adult (usually the DSL) in school before the child or children arrive at school the following day. This ensures that the school has up-to-date relevant information about the child's circumstances and can enable support to be given to the child according to their needs. **National Domestic Abuse Helpline**, which can be called free of charge and in confidence, 24 hours a day on 0808 2000 247.

Gangs and Youth Violence

Being part of a friendship group is a normal part of growing up and it can be common for groups of pupils to gather in public places to socialise. Gangs are defined as a relatively durable, predominantly street-based group of young people who:

- See themselves (and are seen by others) as a discernible group
- Engage in criminal activity and violence
- Lay claim over territory
- Have some form of identifiable structural feature
- Are in conflict with other, similar gangs.

The factors which influence a pupil's propensity to initiate violence include:

- Parenting which is cold/uncaring, non-nurturing and neglectful
- Parenting which includes harsh disciplining
- Maltreatment, such as physical or sexual abuse in childhood (abuse by adults and peers within and outside of the family);
- Trauma such as domestic violence or involvement in or witnessing conflict violence.

Children and the Court System

Children are sometimes required to give evidence in criminal courts, either for crimes committed against them or for crimes they have witnessed. Making child arrangements via the family courts following separation can be a stressful time and entrenched in conflict. E21C Trust schools will support and offer guidance using the online child arrangements information tool for information on dispute resolution.

Preventing Radicalisation

We will help support pupils who may be vulnerable and susceptible to such influences as part of our wider safeguarding responsibilities and where we believe a pupil is being directly influenced by extremist materials or influences, we will ensure that pupils are offered mentoring. In such instances, our schools will seek external support from appropriate services working to prevent extremism.

- Extremism is the vocal or active opposition to our fundamental values, including democracy, the rule of law, individual liberty and the mutual respect and tolerance of different faiths and beliefs. This also

includes calling for the death of members of the armed forces.

- Radicalisation refers to the process by which a person comes to support terrorism and extremist ideologies associated with terrorist groups.

All adults working within E21C Trust schools including visiting staff, volunteers, supply teachers, contractors and pupils on placement, are required to report instances where they believe a pupil may be at risk of harm through extremism or radicalisation. It is a statutory duty under the Counter Terrorism and Security Act 2015, The Prevent Duty to report any concerns of radicalisation or extremism.

Child Sexual Exploitation and Criminal Exploitation

Both CSE and CCE are forms of abuse and both occur where an individual or group takes advantage of an imbalance in power to coerce, manipulate or deceive a child into sexual or criminal activity. Whilst age may be the most obvious, this power imbalance can also be due to a range of other factors including gender, sexual identity, cognitive ability, physical strength, status, and access to economic or other resources.

In some cases, the abuse will be in exchange for something the victim needs or wants and/or will be to the financial benefit or other advantage (such as increased status) of the perpetrator or facilitator. The abuse can be perpetrated by individuals or groups, males or females, and children or adults. The abuse can be a one-off occurrence or a series of incidents over time and range from opportunistic to complex organised abuse.

Victims can be exploited even when activity appears consensual, and it should be noted exploitation as well as being physical can be facilitated and/or take place online. The following list of indicators is not exhaustive or definitive, but it does highlight common signs which can assist practitioners in identifying pupils or young people who may be victims of sexual and/or criminal exploitation.

Signs include:

- Underage sexual activity/Inappropriate sexual or sexualised behaviour
- Sexually risky behaviour, 'swapping' sex/ Repeat sexually transmitted infections
- In girls, repeat pregnancy, abortions, miscarriage
- Receiving unexplained gifts or gifts from unknown sources
- Having multiple mobile phones and worrying about losing contact via mobile
- Having unaffordable new things (clothes, mobile) or expensive habits (alcohol, drugs)
- Going to hotels or other unusual locations to meet friends/Seen at known places of concern
- Moving around the country, appearing in new towns or cities, not knowing where they are
- Getting in/out of different cars driven by unknown adults/ Contact with known perpetrators
- Having older boyfriends or girlfriends
- Involved in abusive relationships, intimidated and fearful of certain people or situations
- Recruiting other young people to exploitative situations
- Truancy, exclusion, disengagement with school, opting out of education altogether
- Unexplained changes in behaviour or personality (mood swings, chaotic, aggressive, sexual)
- Self-harming, suicidal thoughts, suicide attempts, overdosing, eating disorders
- Drug or alcohol misuse
- Getting involved in crime/ Police involvement, police records
- Involved in gangs, gang fights, gang membership
- Injuries from physical assault, physical restraint, sexual assault.

This should be reported via normal social services channels who will then contact the police exploitation team.

Under-Age Marriage and Forced Marriage (FM)

Since February 2023 it is a crime to carry out any conduct whose purpose is to cause a child to marry before their eighteenth birthday, even if violence, threats or another form of coercion are not used. As with the existing forced marriage law, this applies to non-binding, unofficial 'marriages' as well as legal marriages.

Forced marriage is considered a human rights abuse and falls within the Crown Prosecution Service's definition of domestic violence. Young men and women can be at risk in affected ethnic groups. Whistleblowing may come from younger siblings. Other indicators may be detected by changes in adolescent behaviours. Never attempt to intervene directly as a school or through a third party.

Female Genital Mutilation (FGM)

It is essential that staff are aware of FGM practices, and they need to look for signs, symptoms and other indicators of FGM. It is a **statutory duty** for staff to report disclosures of FGM and all staff are aware they need to phone police immediately after disclosure (Serious Crime Act 2015).

It involves procedures that intentionally alter/injure the female genital organs for non-medical reasons. FGM is internationally recognised as **a violation of human rights of girls and women**. It is illegal in most countries including the UK.

Circumstances and occurrences that may point to FGM happening

- Child talking about getting ready for a special ceremony
- Family taking a long trip abroad
- Child's family being from one of the 'at risk' communities for FGM (Kenya, Somalia, Sudan, Sierra Leone, Egypt, Nigeria, Eritrea as well as non-African communities including Yemeni, Afghani, Kurdistan, Indonesia and Pakistan)
- Knowledge that the child's sibling has undergone FGM
- Child talks about going abroad to be 'cut' or to prepare for marriage.

Signs that may indicate a child has undergone FGM:

- Prolonged absence from school and other activities
- Behaviour change on return from a holiday abroad, such as being withdrawn and appearing subdued
- Bladder or menstrual problems
- Finding it difficult to sit still and looking uncomfortable/ Complaining about pain between legs
- Mentioning something somebody did to them that they are not allowed to talk about
- Secretive behaviour, including isolating themselves from the group
- Reluctance to take part in physical activity
- Repeated urinary tract infection

The 'One Chance' Rule

As with Forced Marriage there is the 'One Chance' rule. It is essential that settings/schools/colleges take action without delay.

Fabricated or Induced Illness

A rare form of child abuse, which may include parents/carers fabricating signs and symptoms of illness, falsifying medical records, letters or documents, or inducing illness. Signs:

- Frequent and unexplained absences from school, particularly from P.E. lessons
- Regular absences for doctor's or hospital appointments
- Repeated claims by parent(s) that a child is frequently unwell and that he/she requires medical attention for symptoms which, when described are vague in nature, difficult to diagnose and which teachers/early years' staff have not themselves noticed (e.g. headaches, tummy aches, dizzy spells).
- Frequent contact with opticians and/or dentists or referrals for second opinions.

County Lines

County Lines is a geographically widespread form of harm that is a typical feature of county lines criminal activity: drug networks or gangs groom and exploit children and young people to carry drugs and money from urban areas to suburban and rural areas, market and seaside towns. Key to identifying potential involvement in county lines are missing episodes when the victim may have been trafficked for the purpose of transporting drugs and a referral to the National Referral Mechanism should be considered.

Like other forms of abuse and exploitation, county lines exploitation:

- can affect any child or young person (male or female) under the age of 18 years;
- can affect any vulnerable adult over the age of 18 years
- can still be exploitation even if the activity appears consensual
- can involve force and/or enticement-based methods of compliance and is often accompanied by violence or threats of violence
- can be perpetrated by individuals or groups, males or females, and young people or adults; and is typified by some form of power imbalance in favour of those perpetrating the exploitation. Whilst age may be the most obvious, this power imbalance can be due to other factors including gender, cognitive ability, physical strength, status, and access to economic or other resources.

Honour/Gender-Based Violence/Violence Against Women and Girls

Violence against women and girls (VAWG) is a term that covers a number of offences including domestic violence, stalking, sexual assault, forced marriage and FGM. E21C Trust schools will educate pupils about healthy relationships and consent so that pupils recognise abuse and know they can seek help. If there is a risk of immediate serious harm to a child, a referral must be made to Children's Social Care immediately.

Private Fostering

Private fostering arrangements are arrangements made without the involvement of the LA for the care of a child under the age of 16 (under 18, if disabled) by someone other than a parent or close relative.

Privately fostered children are a potentially vulnerable group. Signs to look out for:

- A child being collected from school by someone new on a regular basis
- A child mentioning they are staying somewhere else or that their parents/carers have gone away
- Something unusual or unclear in the child's administration file

Staff should notify the DSL where they become aware of private fostering arrangements. The safeguarding lead should speak to the family of the child involved to check that they are aware of informing the LA.

Trafficking

Any child transported for exploitative reasons is considered to be a trafficking victim. Exploitation includes prostitution or other sexual exploitation, forced labour or services, slavery or servitude.

Signs include:

- A history with missing links and unexplained moves
- Indication of physical or sexual abuse.

Child abduction and community safety incidents

Child abduction is the unauthorised removal or retention of a minor from a parent or anyone with legal responsibility for the child. Child abduction can be committed by parents or other family members; by people known but not related to the victim (such as neighbours, friends and acquaintances); and by strangers. Other community safety incidents in the vicinity of a school can raise concerns amongst children and parents, for example, people loitering nearby or unknown adults engaging children in conversation.

As children get older and are granted more independence, it is important they are given practical advice on how to keep themselves safe.

Cybercrime

Cybercrime is a criminal activity committed using computers and/or the internet. Cyber-dependent crimes include unauthorised access to computers (illegal 'hacking')

- 'Denial of Service' (Dos or DDoS) attacks or 'booting' making a computer, network or website unavailable by overwhelming it with internet traffic from multiple sources, and,
- making, supplying or obtaining malware (malicious software) such as viruses, spyware, ransomware, botnets and Remote Access Trojans.

Appendix 3 - Protocols and Procedures for Self-Harm Care

<p><u>Key Staff in addition to whole school responsibility:</u> Headteacher, Deputy Head, School Counsellor, Mental Health First Aider</p>	
<p><u>General Notes:</u> “Intentional self-poisoning or injury, irrespective of the apparent purpose of the act. Self-harm includes poisoning, asphyxiation, cutting, burning and other self-inflicted injuries”.</p>	
<p><u>Self-harm can take many forms, including:</u></p> <ul style="list-style-type: none"> • Cutting and scratching • Causing bruises • Self-poisoning/overdosing • Banging head against a wall • Pulling out hair • Burning • Swallowing objects • Jumping from heights/in front of vehicles • Breaking an arm/leg • Inserting foreign object into their body • Other risky behaviour 	<p><u>School’s plan to try to support pupils:</u></p> <ul style="list-style-type: none"> • Create a supportive environment where pupils feel comfortable to talk to someone if they have a problem • Cover self-harm within the safeguarding training for staff with guidance on procedures • Provide professional fully qualified Counselling service which is independent of the school but where pupils can feel safe and can access professional support • Address emotional well-being through PSHE and assemblies • Provide a peer support scheme led by a member of staff trained in this area • Develop risk assessments for pupils who have self-harmed or who are at risk.
<p><u>Staff Procedure:</u></p> <ul style="list-style-type: none"> • On discovery/disclosure, stay calm, listen and reassure • If necessary, call for first aid • Ensure the pupil understands limits of confidentiality • Inform the Designated Lead • DSL will inform parents and where appropriate arrange a meeting • Refer where appropriate to counselling/other practitioners • Plan and co-ordinate support services • Refer to the Peer support group leader • Continue to monitor and review • If there is a CP concern, follow the Safeguarding Policy Guidance 	<p><u>Some reasons for self-harm:</u></p> <p>There are many reasons – this list is not definitive, and everyone’s experience is different, but could include:</p> <ul style="list-style-type: none"> • Problems with relationships at home • Issues with friendship groups • Bullying • Test stress • Times of change and transition • Mental health issues • Lack of self-esteem/confidence/ability to cope • Previous experience – particularly pupils who have been a subject of abuse
<p><u>Myths about self-harm:</u> There are many myths and misconceptions: it is manipulative, attention seeking, done for pleasure, copycat behaviour, fashionable, a phase, associated with ‘goths’, is an attempt at suicide which has not worked. However, there is a growing concern that it is significantly on the rise and is thought to be encouraged through certain websites and blogs.</p>	
<p><u>Note:</u> Do not attempt to stop someone from self-harming – offer support mechanisms and alternatives with support from multi-agencies and practitioners.</p>	

Appendix 4 - Protocols for Supporting the Children of Offenders

<p><u>Key Staff in addition to whole school responsibility:</u> Headteacher, Deputy Head, Counselling service, if applicable</p>	
<p><u>General Notes:</u> Depending on family circumstances and individual resilience, pupils whose parent may be imprisoned, can experience significant deterioration in their outcomes as a result of the imprisonment. E21C Trust schools strive to support those in every way possible to minimise the impact and ensure that they are kept safe and cared for through all means possible. The school provides a non-judgemental, confidential environment in which pupils and families can disclose information and access support.</p>	
<p><u>First Response:</u></p> <ul style="list-style-type: none"> • It is very important to listen to the child and to take in and assess their individual needs • The pastoral team and class teacher will endeavour to support the child through targeted interventions and care • The class teacher and pastoral teams will monitor attendance carefully and keep in contact where appropriate with the home • Any stress leading to disruptive behaviour would prompt a time-out card and access to support systems • The pupil would be offered internal confidential and independent counselling. • Where appropriate the pupil may be offered a mentor 	<p><u>Continued Support:</u></p> <ul style="list-style-type: none"> • The class teacher and other key staff would monitor key indicators and track progress over time to ensure that the pupil is not underachieving, and where appropriate use internal intervention strategies • The school has a “no excuse” policy/ethos which applies to all pupils, but which is coached in additional support, encouragement, engagement and support to help vulnerable and disadvantaged pupils fulfil their potential despite the problems which may be associated with pupils whose parents are incarcerated • Develop a risk assessment to manage risk in and outside of school.
<p><u>Use of Outside Agencies and i-Hop:</u></p> <ul style="list-style-type: none"> • Where appropriate, the school will seek additional advice and resources, which are available through i-Hop (0808 802 2013 Mon-Fri 9am-5pm) • POPS (Partners of Prisoners and Families Support Group) is another resource • Barnardo’s are also available for advice • Staff who are responsible for the care of a child of an offender, will be given appropriate guidance and support. • Other practitioners will be approached should a need arise 	<p><u>Other Concerns/Behaviours that may result:</u></p> <ul style="list-style-type: none"> • Difficult to concentrate on school work • High levels of anxiety and worry • Becoming withdrawn • Being bullied or bullying others • Having difficulty in paying for school events/trips • Beginning to commit offences themselves • Becoming increasingly aggressive • Becoming disengaged and absent
