# WELCOME FROM THE CEO

Thank you for taking an interest in joining our family of schools. Whether you are looking for a role as a teacher or as an associate member of staff, we are delighted that you're considering joining us. If you are interested in making a difference and are driven by moral purpose, then you might well have found a great springboard for your career.

I am excited about the journey ahead for our schools and their pupils in 2023/24. Three years ago, we set about improving the schools in our trust, to ensure that we realise the benefits of collaboration and to improve the outcomes and life chances of our young people. We are unrecognisable from what we were, and we are developing our reputation locally and nationally. The stakes are always high in education. Pupils get one shot at school and we do our best to make sure that this experience is high-quality.

We exist to improve outcomes, to transform lives and to enable social mobility. Our mission is to ensure equity in education. We prioritise social mobility by making sure that our young people leave as successful learners and confident individuals, with a clear sense of the pathways that are available to them.

Our schools empower our communities by placing our schools at their centre. We are hugely ambitious for the communities that our schools serve.

Our strategy is an exciting one. However, we will only achieve it with your endeavour, talent and resilience. It's an enormous cliché to say that our people are our biggest asset. Cliché or not, it really is the case. I feel proud to be part of an organisation like this and if you would like to be part of something hugely exciting, and you feel aligned to our values, then we would benefit hugely from your talent.

**Simon Garrill, CEO**
