To value and develop our people

Every member of the Excalibur family is treated fairly and with respect and is empowered to develop and thrive as an individual and to make a positive difference in the world

To ensure sustainability as we grow

A relentless focus on improvement and providing the best education to as many children as possible within an organisation committed to environmental sustainability

Our track record

Our track record speaks for itself. All of our schools are judged by Ofsted to be good or outstanding, except for our two recently joined sponsored academies which are rapidly improving. Our schools perform above national averages and progress for disadvantaged pupils is significantly higher than nationally.

We are proud to provide a broad, balanced and inclusive curriculum which meets the needs of our pupils, and we do not game the system or participate in off-rolling. There is no secret to our success; we focus on providing the highest quality first teaching, we look after our staff and students, and we invest in developing leadership capacity.

How we operate

Every school within Excalibur retains its own identity, its own Academy Committee (Governing Body) and manages its own budget. Our schools serve very different communities and we celebrate the diversity this brings to the Trust. Whilst we all operate within the vision, values and aims of the Trust, we believe in individuality not conformity, and each school is encouraged and supported to tailor its provision to meet the needs of pupils.

We all share the aim of achieving excellence and we work collaboratively to co-design our structures and systems, and our approaches to teaching and leadership, learning from and building on evidence of what works. We enjoy working together, sharing expertise and planning in partnership, with no school left behind.
