INSPIRING BEYOND MEASURE

TEACHER OF MATHS

CANDIDATE PACK

Open Letter from our Principal

Dear Colleague,

Thank you for your interest in St Ivo Academy and the post of Teacher of Maths. This is an opportunity to join a vibrant and supportive team, and would be suitable for an ECT or an experienced colleague.

St Ivo is a large 11-18 comprehensive academy in the town of St Ives, Cambridgeshire. We have around 1700 students with around 300 in our Sixth Form. The school is 70 years old and is proud of its place within the local community. We are a truly comprehensive and inclusive academy. This is reflected in our approach to all areas of our work, from supporting students preparing for Oxbridge through to working with the most vulnerable - St Ivo embraces everyone.

We are committed to a knowledge-rich curriculum and a traditional approach to teaching, behaviour and culture. We believe that schools must teach powerful knowledge, 'the best that has been thought and said' and an 'entitlement curriculum' for all. We believe in explicit instruction and have been greatly influenced by Lemov's 'Teach Like A Champion', Rosenshine and recent developments in cognitive science. We believe that the creation of a scholarly culture that is warm and strict, disciplined and joyful, where there is 'purpose not power', ensuring impeccable behaviour, where teachers can focus on teaching and pupils can focus on learning, underpins everything.

We are values-driven and our vision is to provide an inclusive, aspirational and academic education for all our students, so that all of them will learn, thrive and lead successful lives. We are unapologetically ambitious for every child, no matter what their background, prior attainment or needs. We want to ensure that all our students have the option to be able to go to university or aspirational alternative. We are not going to reduce expectations because of a child's background or home life, or because they are new to English or have a special education need. In fact, the opposite is true. It is our job to redouble our efforts to help children overcome these barriers so that they can flourish.

We value our staff highly and treat workload very seriously. Our systems are high leverage, ensuring you can really focus on your core purpose – teaching, in a sustainable way, unhindered by bureaucracy or poor behaviour.

I hope that you will want to find out more about St Ivo Academy and that you will want to apply for the post. If you would like to more information prior to application, please do get in touch. Please contact Georgina Sargent, Head of Maths, email Georgina.Sargent@astreastivo.org. If you would like to visit us prior to application, you would be most welcome. Please email office@astreastivo.org to arrange a visit.

I look forward to receiving your application.

Yours sincerely

Tony Meneagh

About Astrea

Astrea is an ambitious, dynamic and young trust with a mission to tackle historic educational disadvantage and raise quality standards across all of our schools. Our academies are based across South Yorkshire and Cambridgeshire, often in areas or at schools which have experienced generationally poor educational opportunities. Our role is to change that. We have grown rapidly over the last four years and now educate around 14,000 students in 27 academies and settings. Whilst our educational outcomes have improved over the last 4 years, they are not yet as strong as we would like them to be, nor as strong as our students and communities deserve. With this in mind, we are entering a new period in our development. We are increasingly clear and specific about our vision for behaviour, curriculum and teaching quality.

Key Characteristics of our academies:

- High aspirations, with a firm emphasis on academic attainment
- A knowledge-rich curriculum that develops a general knowledge of the world not simply for progression for the workplace, but for the love of the acquisition of knowledge
- A calm and purposeful learning environment built on mutual respect and centralised behaviour systems
- Outstanding pastoral care with the provision of specific trust delivered SEMH services where appropriate to the pupil
- Standardised reading and arithmetic catch-up programmes for pupils where this is relevant that are taught by specialists
- Active parental and community involvement
- A broad range of extra-curricular activities including sports, music, performing arts and academic clubs

Objectives for pupils:

- Encourage all children to be confident, hard-working and ambitious, regardless of background
- Transmit a core body of knowledge to all pupils and the ability to think for themselves in order to be aware of the world around them
- To be active and thoughtful participants in their local community
- To be successful in achieving their qualifications at both GCSE and A Level

A knowledge-rich education:

- By a knowledge-rich education we mean a rigorous and extensive, knowledge-based education that draws its material and methods from the best and most important work in both the humanities and the sciences.
- The aim of a core-knowledge education is not primarily to prepare pupils for a job or career, it is more to transform their minds so that they are able to make reasonable and astute judgments and engage fruitfully in conversation and debate – not just about contemporary issues, but also about the universal questions that have been troubling mankind throughout history.
- We want children to leave our schools with the confidence that comes from possessing an essential general knowledge. A knowledge-rich education should not confine itself to the Western canon, but should embrace other cultures and traditions. What that canon includes will be subject to review, but will always be closely connected to the history and the present nature of the society in which we live, including our international connections.
