02. Career Testimonials

Donovan Stansbury | Teaching Assistant

ATT has helped my career from the very beginning of my adult life. I started my career at Mildenhall College Academy on a Teaching Assistant Apprenticeship, provided by ATT FE. Now with my knowledge and understanding of my role I can succeed further with the support of ATT. I have completed my apprenticeship and now have a full-time role as Teaching Assistant at the academy. My next step is to start an OU degree, again something I will do with the full support of ATT.

Martin Sexton | Faculty Leader for Business, Health and Computer Science/ STEM Co-ordinator
Working for ATT has given me many opportunities to progress my career. A move from Westbourne Academy to Mildenhall College Academy 5 years ago gave me my first step up from teacher to leading Computer Science. I received an ATT award for STEM which led to me becoming the STEM coordinator. To help develop my career further I now lead Team Network Group meetings with other Computing teachers from across the trust. ATT has also allowed me to develop my skills knowledge through attending a range of CPD with Computing at School, Barefoot, and Digital Schoolhouse all of which are helping to develop my practice.

Nicola Powling | Teacher of Learning Lead/Assistant Principal

Since joining Mildenhall College Academy three years ago, I have been well-supported in my development as a middle leader and with the guidance and advice of senior leaders in the academy I have been able to demonstrate significant impact on the quality of teaching and learning in the Humanities subjects. Last academic year I chaired the Eastern TNG for History, which has given me the opportunity to work with colleagues across the Trust and share best practice. Most recently, I have been seconded to the senior leadership team with a responsibility for teaching and learning; this is an opportunity to continue my career development and to gain insight and experience in senior leadership.

Cat Rushton | Director of ATT Institute

ATT has offered me the exciting opportunity to experience a wider scope of influence over academies, to collaborate with other leaders, and to work with a range of colleagues and stakeholders in various contexts.
