## Appointment Brief for Teacher of Business Studies

## Chancellor's School

Dear Applicant,

Thank you for your interest in Chancellor's School.

You would be joining at an exciting time in the school's development and growth. Chancellor's is an inclusive school with exceptional academic results. We remain determined to strengthen our teaching and learning culture, and to make further improvements in the future.

We continue to be significantly oversubscribed with increasing numbers in our sixth form. Students make extremely good progress during their time at the school, and there are an impressive number of students who achieve the very top grades.

We are focused on achieving the very best for every member of the school community and we expect standards to rise further in the future. We joined the Danes Educational Trust in 2019 and this has helped create further exciting and varied opportunities for both staff and students.

We were recently inspected by Ofsted (November 2023) and, whilst we remain 'Good', there was a clear acknowledgement of the positive impact of the school's work to strengthen its curriculum and culture, as well as the progress we have made since joining Danes Educational Trust. I am pleased that there was also helpful confirmation of the refinement and next steps necessary to take further strides forward and become 'Outstanding'.

It is a privilege to be the Headteacher of Chancellor's School. It is a positive and rewarding place to work with a strong sense of community. Teachers are respected and valued not only by the Senior Leadership Team, but by students, parents and governors. Visitors often remark at how delightful our students are. Not only are they keen to learn, they are friendly, ambitious, proud of their school and eager to take on responsibility.

The highly professional staff is dedicated and focused on the core business of the school, teaching and learning. The governors and I are committed to the well-being and continuing professional development of all members of staff.

You can visit our website on [www.chancellors.herts.sch.uk](http://www.chancellors.herts.sch.uk) for further information about the school including the school prospectus. If you would like to organise a visit to the school or if you would like to discuss any position in more detail then please contact Emma Wright, HR Business Partner at [recruitment@daneseedtrust.org.uk](mailto:recruitment@daneseedtrust.org.uk).

If appointed, you will benefit from working within an established, outstanding Trust. More information about the Trust can be found [here](#).

Chancellor's School

## SCHOOL SUMMARY

Chancellor's is a school which is part of the Danes Educational Trust with approximately 1250 students, aged 11–18. It is situated in the beautiful village of Brookmans Park in South Hertfordshire. The school opened in September 1964. The impressive and picturesque grounds are some 15 acres in extent including substantial sports grounds.

We have been a specialist mathematics and computing college since September 2004 and have held a second specialism in languages since April 2008.

Many of our students come to the school from local villages as well as from Potters Bar and Hatfield. Additionally, 10% of students are admitted to the school on their musical aptitude.

Our curriculum is broad in Years 7 and 8. In Years 9, 10 and 11 students study a broad core of subjects including PSHE (Healthy Minds), English, Mathematics, Physical Education, Religious Education, Science and ICT. In addition, students are able to express a limited preference for further subjects to support their individual interests and aspirations. 75% of our students typically study the English Baccalaureate and a large percentage of our students stay on to study in our sixth form.

We are also committed to offering our students a wide range of extra-curricular opportunities. Music and drama flourish at Chancellor's with many concerts and performances. There are clubs for students of all ages, and regular visits are arranged to plays, exhibitions and museums. The main sports include football, rugby, netball, athletics and basketball and a number of our students play for county teams.

There are 133 members of staff (both full and part time) including 88 teachers who are supported by a skilled and professional associate staff.

Further details about Chancellor's may be found on our [website](#). Enquiries by telephone are welcome.

## FACULTY SUMMARY

### Social Sciences and ICT Faculty

The Social Sciences and ICT Faculty comprises ICT, Computer Science, Business Studies, Psychology and Sociology, all of which are delivered by subject specialists in bespoke facilities.

Computer Science, Business Studies and Psychology are available at GCSE, and Computer Science, Business Studies, Economics, Psychology and Sociology are currently available at A Level.

### The Business Studies Department

Students can opt to study Business at both GCSE and A Level and Economics is available at A Level.

At Key Stage 4, Students in Years 10 and 11 follow a scheme of work based on the Edexcel GCSE specification. This is a linear GCSE course and students take all examinations in Year 11, with no controlled assessments taking place throughout the course. There is one level of entry at GCSE where Grades 9 to 1 can be awarded, and students are taught in mixed ability groups.

Internal assessments take place regularly throughout the course and at the end of Year 10. The progress of students is closely monitored and tracked, and an intervention programme is in place for those not making the required progress. The course itself is based on two themes: investigating small business and, building a business.

At Key stage 5, Business students are introduced to core business concepts and develop a broad understanding of how businesses work, before looking at the decision-making tools that help business people move towards a more scientific approach to management. Students investigate, analyse and evaluate business opportunities and issues, and make supported decisions and recommendations using both qualitative and quantitative methods. Students develop a holistic understanding of business.

Business is a thriving department due to its popularity at both Key Stages. It is currently taught by one subject specialist and we are looking to expand the team.

At Key stage 5, Economics students study how markets work and how they fail, considering the role of government and the UK Economy, before looking at how businesses grow and compete, the labour market and how the government intervenes to make markets work better. Students explore international trade, inequality within and between countries, emerging and developing economies, and the public finances. Economics is taught in the Mathematics department.
