EQUA Mead Learning Trust is a family of like-minded schools, that collaborate to provide mutual support, share best practice and learn from each other, whilst retaining and developing each school's individual and distinctive character. We believe every child has the right to an inspiring and fulfilling education and we seek to improve the life chances of all those we serve; therefore, we make it our mission to give **Every Child, Every Chance** of success.

At EQUA Mead, we are an inclusive, passionate and forward-looking educational organisation. We are a Trust of sixteen primary schools, two secondary schools and eight nurseries, all based in Wiltshire. Across our schools, we have four resource bases that provide specialist education to children and young people with complex needs.

We believe in the power of education to transform lives and shape a brighter future. We are dedicated to fostering a strong sense of community where everyone works together to achieve their very best. At all of our schools, we do all we can to enable each child and young person to realise their full potential and to develop positive social and moral values.

We understand that successful schools are rooted in their local community. We respect and value the individual nature and ethos of each school while knowing we are more effective when we work together and support each other. We are a mixed Trust that benefits from both church and non-church-based schools and we actively celebrate this diversity. We are highly inclusive and collaborate closely to promote a culture of openness and integrity.

We thrive on providing a wealth of support to schools and seek to empower school leaders. Our CPD, NPQs, ITT, networks, training, research programmes and range of courses underpin a comprehensive development programme for all staff, whilst ensuring wellbeing is at the centre of all decision making.

If at any stage, you would like to find out more about EQUA Mead Learning Trust, please do feel free to get in touch.

Lavington is a high achieving school that is imaginative and creative in its approach to teaching and learning and is keen to look for continued and sustained improvement. We are fully committed to providing high quality education for children whatever their age. We benefit from a wonderful rural setting, surrounded by beautiful and historic countryside. The majority of our students live in nearby villages, and thrive in our supportive, positive, nurturing environment, achieving academic excellence for all.

The school enjoys a very good reputation within the community and throughout the county and continues to demonstrate the highest standards of achievement. Much of this success is due to the active partnership of home, school and community, which allows a happy working atmosphere to prevail, where hard work and good behaviour is the expectation. Our students are happy and well-motivated and respectful. They are nurtured through superb individual care, a culture of high aspirations, an extensive leadership and enrichment programme and recognition of their unique talents.

**‘We believe that every child should be happy, healthy, safe and achieve more than they thought possible; at school and beyond’**
