OUR VALUES

Believe, Achieve, Succeed

At Cottingham High School we are all members of a friendly and supportive community.

We respect each other; we take responsibility for placing learning at the heart of everything we do; we have the confidence to embrace innovation and we are inspired to achieve our very best.

A WELCOME FROM THE HEADTEACHER

At Cottingham High School and Sixth Form College, our students are encouraged and supported to be polite, respectful and articulate, and we are constantly working to shape the next generation of innovators and leaders. We are a school that is rooted in our community and driven by a desire to ensure that every member of our school community can Believe, Achieve and Succeed.

Whilst these words could be tokenistic, we aim for them to be truly lived and breathed in everything that we do. It is our commitment to ensure that every single student can achieve their goals with outcomes that allow them to pursue their dreams.

We are a school with a central focus on ensuring that every member of our community is supported in becoming an expert in their chosen field. We support each other with calm, settled classrooms that are led by expert staff who have a passion for their subject.

All members of Cottingham High School aim to consistently show hard

work, respect and pride. We are what we repeatedly do. We do what we say we do. We pride ourselves on adding value to the lives of our students, and we welcome and accept all.

As a Headteacher I am excited to be taking the school on the next step of its journey, working with our amazing staff in driving the highest of expectations and consistent standards within the daily lives of our young people. We look forward to reading your application and would welcome a request for a visit to our school.
