If, after reading the information, you are interested in joining us please create an account at [mynewterm](#) and apply.

The Latymer School is a high achieving, but caring grammar school in North London. Visitors comment on the warm atmosphere and the level of participation in extra-curricular activities. Pupils at the school recently described the school as one “family” and it being a “real community”. We are very proud of our school and believe it is a place where you can really teach and develop to attain the highest educational standards. We are regularly named in the top 10 performing schools in London by The Times Newspaper.

We are seeking to appoint a Learning Support Assistant, commencing September 2024. However, a number of our students with special educational needs require support. We are looking for someone who has a good understanding of special educational needs and who would enjoy, small group work and being in the classroom.

The Learning Support Department is a small, but friendly team who support students across the whole school. We ensure staff are informed and equipped to support the needs of students who may have additional requirements, as well as responding to ongoing staff concerns. Support provided by the department may be in lessons, during breaks/lunch or as part of a small intervention group. The successful candidate will act as a key worker for named students, being the first point of contact for the young person and their parent/carer. This is an excellent opportunity to work with highly intelligent students, who present with a range of learning, social and emotional needs.

If you would like to work in a friendly environment, then we would like to hear from you.

***The Latymer School is committed to safeguarding and promoting the welfare of young people. We expect all staff to share this commitment. Any offer of employment is subject to a satisfactory ‘Enhanced with a Barred List Check’ through the Disclosure and Barring Service.***
