**WELLSPRING**

We Make A Difference

We work with students who for whatever reason struggle with the mainstream school experience. They come to us after being permanently excluded, or for short term preventative places which last between 6 to 12 weeks. We believe in the power of unconditional positive regard and restorative practice and incorporate this in everything we do. These approaches work hand in hand with a nurturing curriculum to give our students secure foundations rooted in relationships. Working at Springwell offers challenge and reward in equal measures, as we work together to regulate students with varying levels of SEMH need, allowing them to access learning and move on to an appropriate destination school. This position may suit someone wishing to develop a career within the Education or Special Education Sector. College/University graduates are welcome to apply, as a full and comprehensive package of training will be offered. The position may be of particular interest to applicants who have a passion in supporting the emotional and mental health needs of young people. We work closely with our partner school, Springwell Leeds Academy, and the Positive Regard Teaching School to support a career path for aspiring teachers through a rigorous development programme.

### **About the role**

Successful candidates will be responsible for supporting and on occasion, leading small groups and individuals with Maths, English, reading, S.E.A.L, practical activities, supporting pupils to develop resilience, social skills and self-esteem plus using effective strategies for supporting pupils with a range of behavioural needs.

### **About us**

Our aim is to provide the best possible care and education that we can for the young people in our care. Unconditional Positive Regard is at the centre of what we do and we are creating an academy that is welcoming, caring, safe, warm and believes that all its pupils can be supported and empowered to succeed. We are creating individual and personalised pathways for our students that are built around their varied needs, which will help them achieve positive outcomes and prepare them for their onward destinations into continuing education, work or training.

We see strong relationships as the key to our success – with students, parents, carers and the wider community and we ensure that our academy is a welcoming safe place for children to learn and prosper. We believe in working closely with our families and carers and welcome their support, but also realise that at times they will need our support too. We work closely with other agencies and schools to make sure we do all we can to make learning and life the best it possibly can be.

Springwell places a huge emphasis on professional development and invests significantly in staff training at all levels. This means that, although experience of working in an alternative or specialist setting would be an advantage, specialist support and training will be provided for outstanding teachers wishing to make the career fulfilling move into special education.
