## 1. Policy Statement and Principles

This policy is one of a series in the school's integrated safeguarding portfolio. The Designated Safeguarding Lead (DSL) works alongside the Safeguarding Governor and Deputy Designated Safeguarding Leads (DDSLs) to ensure that the procedures cited in this policy are followed by all members of the school community, including visitors to the school.

The DDSLs are all fully trained in safeguarding procedures to the same level as the DSL. They support the DSL in responding to safeguarding concerns, including making initial referrals to Children's Services, attending a range of safeguarding meetings and supporting vulnerable pupils in school hours. Just like the DSL, their safeguarding responsibilities are clearly outlined in their job descriptions.

Other documents which relate to safeguarding are listed in section 42 of this policy.

The school's safeguarding arrangements are inspected by Ofsted under the judgements for leadership & management and also impact the judgement on the personal development, behaviour and welfare of children and learners.

This policy is available on the school website, via a link to the Community Academy Trust website and all staff and volunteers are required to read it and confirm in writing that they have read and understood it before commencing work in school.

This policy will be reviewed at least annually unless an incident, new legislation or guidance suggests the need for an interim review. Please note that Warwickshire has been selected to become a '*Families First for Children Pathfinder*'. This will have implications on changes to terminology and processes during the 2024 - 2025 academic year. Schools will be informed of any changes and should ensure that their own policies and processes reflect these changes. Staff and governors should also ensure that they are aware of any changes and associated implications.

### Child Protection Statement

Our staff, governors and Trust recognise our moral and statutory responsibility to safeguard and promote the welfare of all pupils. We endeavour to provide a safe and welcoming environment where all children, including those having protected characteristics under the *Equalities Act, 2010* are respected, valued, feel secure, are encouraged and given opportunities to talk with trusted adults who listen to them. We are alert to the signs of abuse and neglect and follow our procedures to ensure that all children receive effective support, protection and justice.

The procedures contained in this policy apply to all staff, volunteers, contractors and governors and are consistent with statutory guidance and the locally agreed multi-agency safeguarding arrangements put in place by Warwickshire Safeguarding Partnership.

### Policy Aims:

- To provide all staff with the necessary information to enable them to meet their safeguarding and child protection responsibilities;
- To effectively apply consistent good practice through training, auditing and development;
- To inform pupils, parents, staff and other stakeholders (e.g. partner agencies) about our arrangements for safeguarding children;
- To demonstrate the school's commitment regarding safeguarding and child protection to pupils, parents and other partners;
- To contribute to the school's safeguarding portfolio.

The school will therefore ensure the following arrangements are in place to safeguard and

promote the welfare of children.

**Prevention:** The school will create an ethos and culture where all pupils feel secure and able to build trusted relationships with staff. Children will be encouraged to talk and feel confident that they will be listened to. Staff and volunteers will be trained regularly to understand their responsibilities to recognise and report safeguarding or child protection concerns. This includes maintaining professional curiosity and understanding that children may not feel ready or know how to tell someone that they are being abused, exploited, or neglected and/or may not recognise their experiences as harmful. Pupils are taught about safeguarding, including online, through various teaching and learning opportunities as part of a broad and balanced curriculum.

**Protection:** The school will ensure that each member of staff, governor and other visitor involved in regulated activity with pupils has undergone a thorough safer recruitment process and is sufficiently trained and supported to respond appropriately and sensitively to safeguarding and child protection concerns.

**Support:** The school will provide structured systems of support for all pupils and appoint appropriately qualified and experienced staff (DSLs and DDSLs) to provide advice, training and support around safeguarding concerns.

**Working with parents and external agencies:** The school will work closely with parents to ensure appropriate communications and actions are undertaken. We will develop and maintain links with relevant external agencies in all matters relating to safeguarding and child protection. We will assess the risks and issues in the wider community as part of the safeguarding curriculum.

**Commitment:** The school expects all members of our school community, including visitors, to share this commitment, creating a robust culture of vigilance.

**The school commits to acting in accordance with *Keeping Children Safe in Education (KCSiE)*. This policy does not aim to replicate the guidance in full. Therefore, the policy should be read in conjunction with at least Part One and Annex B of *KCSiE (2024)*.**

Whilst this policy primarily focusses on the safeguarding of children, it also references the action to be taken if any member of the school community becomes concerned about the safety or welfare of an adult at risk, aged 18 or over.

### Policy Principles:

- The school's responsibility to safeguard and promote the welfare of children is of paramount importance;
- The school will work together with parents, carers and other agencies to safeguard and promote the welfare of the child;
- All children regardless of age, special needs or disability, racial or cultural heritage, religious belief, gender or sexual orientation have the right to be protected from ill treatment and neglect and to experience a good standard of care;
- All children have the right to be heard and that the wishes and feelings of the child should be sought and influence the decision making;
- All incidents and allegations of suspicious or poor practice or abuse will be taken seriously, listened to and responded to appropriately. This includes allegations raised through the whistleblowing procedures;
- There is a consistent understanding of acceptable behaviour of young people towards other young people and staff within the school;
- Safeguarding is everyone's responsibility.

The school expects:

- everyone to be alert to signs of abuse, neglect and exploitation and to follow procedures to ensure that children receive effective support, and protection;
- everyone to know to whom they should report any concerns or suspicions;
- everyone to be committed to creating a culture of safety that minimises the opportunity for any kind of abuse (including all forms of child-on-child abuse) through training, education and robust response procedures;
- all staff to follow the procedures in this policy (of which all staff and visitors are aware) for handling suspected abuse of pupils, including procedures to be followed if a member of staff is accused or suspected of abuse;
- the Designated Safeguarding Lead (DSL) and any Deputy Designated Safeguarding Leads (DDSLs) to have responsibility for co-ordinating action within the school and liaising with other agencies. They must develop expertise and skills to be the most appropriate person to advise on the response to safeguarding concerns.

School commits to work in partnership with the Warwickshire County Council Safeguarding Partnership (WS) and will follow their guidance and implement their systems and protocols for referring families for early help and reporting child protection concerns. The school is committed to developing effective working practice with locality support networks and agencies. DSLs will ensure that all staff and governors are aware of issues and systems for reporting and will provide local safeguarding updates, as signposted by Warwickshire Safeguarding and partners.

This policy is applicable to all on- and off-site activities undertaken by pupils whilst they are the responsibility of the school.

The school is committed to anti-discriminatory practice and recognises children's diverse circumstances. Some children are at an increased risk of abuse, and additional barriers can exist for some children to recognising or disclosing abuse. We ensure that all children have the same protection, regardless of any barriers they may face.

## Terminology

**Safeguarding** and promoting the welfare of children refers to the process of protecting children from maltreatment, preventing the impairment of children's mental or physical health or development, ensuring that children grow up in circumstances consistent with the provision of safe and effective care and taking action to enable all children to have the best outcomes.

'**Alleged perpetrator(s)**' and where appropriate '**perpetrator(s)**'. These are widely used and recognised terms and the most appropriate to aid effective drafting of guidance. However, schools should think very carefully about terminology, especially when speaking in front of children, not least because in some cases the abusive behaviour will have been harmful to the perpetrator as well.

**Child abuse** by the term 'significant harm' and is defined in the *Adoption and Children Act 2002* in the following way:

- 'Harm' means ill treatment or the impairment of health or development
- 'Development' means physical, intellectual, emotional, social or behavioural development;
- 'Health' means physical or mental health;
- 'Ill treatment' includes sexual abuse and forms of ill treatment which are not physical.

**Child/children** includes everyone under the age of 18.

**Child-on-child abuse** is the abuse of a child by another child or children. All staff should be aware that children can abuse other children both inside and out of school and online.

**Child protection** refers to the processes undertaken to protect children who have been identified as suffering or at risk of suffering significant harm.

**Harm** is defined as the ill treatment or impairment of health and development. Health includes both physical and mental health. Development includes physical, intellectual, emotional, social and behavioural development.

**Harassment** is determined legally as behaviour from one person towards at least one other which is intended to cause alarm or distress. Sexual harassment is meant, in the context of this policy, as unwanted conduct of a sexual nature, whether occurring online or offline.

**Parent** refers to birth parents and other adults who are in a parenting role, for example step-parents, foster carers and adoptive parents.

**Significant Harm** is a term used in law that justifies compulsory intervention in family life in the best interests of children. **Assessing significance** is done by comparing the child's health or development to what could be reasonably expected of a similar child. However, there is no absolute consideration in assessing significant harm.

**Staff** refers to all those working for or on behalf of the school, full-time or part-time, temporary or permanent, in either a paid or voluntary capacity. This includes supply teachers.

**Victim** is a widely recognised and understood term. It is important that schools recognise that not everyone who has been subjected to abuse considers themselves a victim or would want to be described in this way. Schools should be conscious of this when managing any incident and be prepared to use any term with which the individual child is most comfortable.

## 2. Safeguarding Legislation and Guidance

**Academies, free schools, independent schools, alternative providers of education** - Section 157 of the *Education Act 2002* and the *Education (Independent School Standards) Regulations 2014, (Amendment) 2021*, require proprietors of independent schools (including academies) to have arrangements to safeguard and promote the welfare of children who are pupils at the school. Community Academies Trust (CAT) fulfils this requirement by ensuring all due regard to the following legislation and guidance when devising this policy:

### Statutory Guidance

- [Keeping Children Safe in Education \(KCSIE\)](#) DfE (2024)
- [Working Together to Safeguard Children](#) DfE (Dec 2023)

### Legislation

- *The Children Act 1989 and The Children Act (2004)*
- Section 5B (11) of the *Female Genital Mutilation Act (2003)*, as inserted by section 74 of the *Serious Crime Act (2015)*
- *The Rehabilitation of Offenders Act (1974)*
- *Safeguarding Vulnerable Groups Act (2006)*
- *Counterterrorism and Security Act (2015)* (and the *Prevent Duty* guidance)
- *The Education Act (2002)*
- *Education (Independent Academy Standards) (England) Regulations (2014)*
- *The Academy Staffing (England) Regulations (2009)*
- Part 1 of the schedule to the *Non-Maintained Special Academies (England) Regulations (2015)*
- *The Equality Act (2010)*
- *The Childcare (Disqualification) Regulations 2009* (and 2018 amendment)
- *The Childcare Act (2006)*
- *Public Sector Equality Duty (2012)*
- *Care Act (2014)*
- *Mental Capacity Act (2005)*
- *Domestic Abuse Act (2021)*

### Guidance from the Warwickshire Safeguarding (WS):

- [www.safeguardingwarwickshire.co.uk](http://www.safeguardingwarwickshire.co.uk)
- [www.warwickshire.gov.uk/children-families/early-help-warwickshire/1](http://www.warwickshire.gov.uk/children-families/early-help-warwickshire/1)

## 3. Safeguarding information for all staff

Safeguarding and promoting the welfare of children is defined in *KCSiE 2024* as:

- providing help and support to meet the needs of children as soon as problems emerge;
- protecting children from maltreatment, whether that is within or outside the home, including online;
- preventing impairment of children's mental and physical health or development;
- ensuring that children grow up in circumstances consistent with the provision of safe and effective care;
- taking action to enable all children to have the best outcomes.

For the purposes of this policy, the term ‘safeguarding’ refers to everything the school does to keep children safe and promote their welfare, including (but not limited to):

- supporting pupils’ health, safety and well-being, including their mental health;
- meeting the needs of children with special educational needs and/or disabilities;
- meeting the needs of children with medical conditions;
- providing first aid;
- providing educational visits;
- ensuring intimate care and emotional wellbeing needs are met;
- maintaining a focus on online safety and associated issues;
- ensuring appropriate arrangements are in place to ensure school security, taking into account the local context;
- keeping children safe from risks, harm and exploitation; and
- ensuring effective child protection procedures are in place and understood.

Child protection is part of safeguarding and refers to activities undertaken to prevent children suffering, or being likely to suffer, significant harm.

Abuse is a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Harm can include ill treatment that is not physical, as well as the impact of witnessing ill treatment on others. This can be particularly relevant, for example, in relation to the impact on children of all forms of domestic abuse. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place online and in person; please be aware that they are not mutually exclusive and children can experience these types of abuse simultaneously. Children may be abused by an adult or adults or by another child or children.

Neglect is a form of abuse and is the persistent failure to meet a child's basic physical and/ or psychological needs, likely to result in the serious impairment of the child's health or development.

Child on child abuse refers to the abuse of a child or children perpetrated by another child or children. Child on child abuse is most likely to include, but may not be limited to:

- bullying (including cyberbullying, prejudice-based and discriminatory bullying);
- abuse in intimate personal relationships between children also known as teenage relationship abuse;
- physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm (this may include an online element which facilitates, threatens and/or encourages physical abuse);
- sexual violence, such as rape, assault by penetration and sexual assault (this may include an online element which facilitates, threatens and/or encourages sexual violence);
- sexual harassment, such as sexual comments, remarks, jokes and online sexual harassment, which may be standalone or part of a broader pattern of abuse;
- causing someone to engage in sexual activity without consent, such as forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third party;
- consensual and non-consensual sharing of nudes and semi-nude images and or videos (also known as sexting or youth produced sexual imagery);
- upskirting (which is a criminal offence), which typically involves taking a picture under a person’s clothing without their permission, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm; and
- initiation/hazing type violence and rituals (this could include activities involving harassment, abuse or humiliation used as a way of initiating a person into a group and may also include an online element).

## 4. Roles and Responsibilities

### The Trustees will:

- ensure that all governors and trustees receive mandatory safeguarding and child protection (including online) training at induction which equips them with the knowledge to provide strategic challenge to test and assure themselves that the safeguarding policies and procedures in place in school are effective and support the delivery of a robust whole school approach to safeguarding.
- complete all relevant induction and annual training, including reading and signing to confirm understanding of both this policy and *KCSiE* Parts 1 and 2\* and Annex B, whenever they are updated;
- ensure the *Child Protection and Safeguarding Policy* is reviewed at least annually and updated if needed, so that it is kept up to date with safeguarding issues as they emerge and evolve, including lessons learnt and is available publicly on the trust website;
- ensure that the management of child protection and safeguarding concerns is effective;
- ensure a Safeguarding Trustee is appointed;
- appoint a named safeguarding trustee to take leadership responsibility for the trust's safeguarding arrangements. That trustee will maintain regular contact with the trust's Director of Safeguarding and will ensure that the trustees receive regular reports about safeguarding in the trust.

### School Standards Committee (SSC) will:

- have strategic leadership responsibility for school's safeguarding arrangements. It must comply with its duties under legislation and as defined in *KCSiE* 2024 and must have regard to that guidance, ensuring policies, procedures and training in the school are effective and comply with the law including the *Human Rights Act 1998* and the *Equality Act 2010* (including the *Public Sector Equality Duty*) at all times;
- appoint an appropriate member of the Strategic Leadership Team as Designated Safeguarding Lead to co-ordinate child protection arrangements and to ensure that there are appropriate cover arrangements. (Information regarding key personnel can be found in Appendix 4);
- appoint a designated teacher to promote the educational achievement of children in care or those who have left care through adoption, special guardianship or child arrangement orders or who were adopted from state care outside England and Wales and ensure that the designated teacher has appropriate training;
- nominate a member (normally the chair) to be responsible for liaising with the LA and other agencies in the event of an allegation being made against the headteacher;
- appoint a named governor to take leadership responsibility for the school's safeguarding arrangements. That governor will maintain regular contact with the DSL, liaising with the trust Director of Safeguarding as required, and will ensure that the SSC receives regular reports about safeguarding activity at the school;
- ensure that the school promotes the correct attitude towards safeguarding and child protection with staff, volunteers and visitors;
- monitor and evaluate the effectiveness of the school's safeguarding practices and procedures;

- complete all relevant induction and annual training, including reading and signing to confirm understanding of both this policy and *KCSiE* Parts 1 and 2<sup>1</sup> and Annex B, whenever they are updated.

### The Trust Director of Safeguarding will:

- hold strategic responsibility for the quality of safeguarding provision;
- maintain strategic oversight of the effectiveness of safeguarding, through regular school visits and scrutiny of procedures, data and documentation, producing comprehensive reports to trustees, governors and schools;
- ensure safeguarding remains a key focus for all members of the Trust Executive Group in all aspects of strategic direction.

Additionally, the Director of Safeguarding will:

- in co-ordination with the SSC and trustees:
  - develop safeguarding policy and procedures;
  - ensure that suitable arrangements are in place within school to satisfy the duties and arrangement as outlined in this policy, including ensuring that there is appropriate staffing with the required time, funding, resources and support;
- in co-ordination with the Chair of Governors:
  - respond to low-level concerns or allegations of abuse against the Headteacher in line with Part 4 of *KCSiE 2024 - Safeguarding concerns or allegations made about staff* and the school's low-levels concerns reporting procedures.
- in co-ordination with the Headteacher:
  - ensure that all relevant Strategic Leaders are capable and competent in their given safeguarding roles and are provided with suitable and sufficient information, instruction and training;

### The Headteacher will:

- be accountable for the effective safeguarding of children in the school;
- ensure that this policy and associated procedures, including the use of online monitoring systems, are adhered to by all staff, taking action where necessary if this is not the case;
- ensure that staff (including temporary staff) and volunteers are informed of systems and trained in using such systems, that support safeguarding, including this policy, as part of their induction;
- ensure that the *Child Protection and Safeguarding Policy* and procedures are understood and implemented by all staff;
- allocate sufficient time, training, support and resources, including cover arrangements when necessary, to enable the DSL and Deputy DSL(s) to carry out their roles effectively, including the assessment of pupils and attendance at strategy discussions and other necessary meetings;
- support the designated teacher for children in care to promote the educational

---

<sup>1</sup> Part 2 of *KCSiE (September 2024)* sets out the responsibilities of governing bodies and all those involved in governance must adhere to this guidance at all times. This includes:

- working to facilitate a whole school approach to safeguarding, including child-on-child abuse, by ensuring that safeguarding and child protection underpin all relevant aspects of policy and process;
- ensuring that policies, procedures, and training are effective and comply with the law at all times and that they allow concerns to be responded to in a timely manner;
- ensuring that school has the systems in place to allow children to raise concerns, which are well-promoted, well-understood and easily accessible.

achievement of any pupils who are children in care of the LA or who have left care through adoption, special guardianship or child arrangement orders, or who were adopted from state care outside England and Wales;

- ensure that all staff have the skills, knowledge and understanding necessary to keep children in care, children previously in care and children with a social worker safe;
- ensure that all staff feel able to raise concerns about poor or unsafe practice and that such concerns are handled sensitively and in accordance with whistleblowing procedures;
- ensure that the culture of the school supports the provision of effective pastoral care and early help;
- ensure that staff do everything they can to support social workers when Children’s Social Care become involved;
- ensure that pupils are provided with opportunities throughout the curriculum to learn about safeguarding including child-on-child abuse, grooming, online safety, how to identify risk, how to get help when they need it and other topics as specified in paragraphs 128-133 of *KCSiE 2024*, as part of a broad and balanced curriculum and that children with particular needs, such as those who are known to be vulnerable, those who have experienced abuse or neglect and those with SEND are provided with an appropriately customised safeguarding curriculum;
- refer all allegations that a child has been harmed by, or that children may be at risk of harm from, a member of staff or volunteer, to the LADO within one working day prior to any internal investigation;
- ensure that anyone who has harmed or may pose a risk of harm to a child, is referred to the Disclosure and Barring Service, as advised by the LADO;
- appoint a case officer who will be a member of the Strategic Leadership Team to investigate allegations concerning members of staff and volunteers and/or act as a point of contact for the member of staff/volunteer against whom the allegation is made;
- ensure that all staff are made aware of the name of the Safeguarding Governor, the DSL and all Deputy DSLs;
- promote an environment and culture where pupils feel safe and listened to;
- ensure that the role of the DSL is explicit in the post-holder’s job description, that they have appropriate time, funding, training and resources to carry out their responsibilities effectively and that there is always adequate cover if the DSL is absent;
- decide on an appropriate number of Deputy DSLs and ensure they are trained to the same level as the DSL;
- ensure appropriate cover for the role of DSL for any out of hours or out of term activities;
- appoint a designated teacher for children in care and children previously in care to promote the educational achievement of these children;
- ensure the whistleblowing policy and procedures have been disseminated to all staff and that any allegations against staff are responded to appropriately;
- ensure all recruitment follows the safer recruitment guidance detailed in Part 3 of *KCSiE* and that a single central record is maintained with details of all members of staff who are in contact with children;
- respond to all allegations of abuse/concerns about the conduct of staff and volunteers, encompassing any breach of the *Staff Code of Conduct*, in a timely and proportionate manner, acting as the ‘case manager’, taking advice from the LADO and the school’s HR provider, as appropriate;
- refer cases where a person is dismissed or has left due to risk/harm to a child to the Disclosure and Barring Service as required;
- ensure that school staff work with social care, the police, health services and other services to promote the welfare of children;
- safeguard children’s wellbeing and maintain public trust in the teaching profession as part of their professional duties (*Teaching Standards, 2012*);
- ensure that children’s social care (from the host local authority or placing authority) have access to the DSL to conduct, or to consider whether to conduct a section 47 or section 17 assessment, as per *KCSiE* (September 2024);

- contribute to safeguarding quality assurance activities;
- ensure the relevant staffing ratios are met, if applicable<sup>2</sup>;
- make sure each child in the Early Years Foundation Stage is assigned a key person<sup>3</sup>;
- retain accountability for all safeguarding-related matters within the school.

### The Designated Safeguarding Lead (DSL)

The DSL is a member of the school’s Strategic Leadership Team and therefore has the status and authority within the school to carry out the duties of the post, including committing resources and supporting and directing other staff.

The DSL takes lead responsibility for child protection and wider safeguarding, including online safety and an understanding of the filtering and monitoring systems and processes in place, in the school. This responsibility will not be delegated although the activities of the DSL may be delegated to appropriately trained deputies. DSLs will be given additional time, funding, training, resources and support to carry out their role effectively. The role and responsibility are explicit in their job description.

The school’s DSL and their deputies are named, and contact details are provided in Appendix 4 of this policy. The full responsibilities of the DSL are set out in Annex C of *KCSiE 2024* but in summary, the DSL will:

- be appropriately trained<sup>4</sup>, receive refresher training at two-yearly intervals and regularly (at least annually) update their knowledge and skills to keep up with developments relevant to their role;
- act as a source of advice, support and expertise to the school community, providing staff with the knowledge and skills required to safeguard children;
- provide oversight, support and challenge to Deputy DSLs;
- act as a point of contact with the safeguarding partners and engage fully with requests for information (e.g. Section 175 audit);
- perform the role of Online Safety Lead;
- have a working knowledge of locally agreed multi-agency safeguarding arrangements and procedures put in place by *Warwickshire Safeguarding* and of national guidance in respect of all specific safeguarding issues highlighted in paragraphs 29-46 and Annex B of *KCSiE 2024*, ensuring that all staff receive regular updated safeguarding training, including online safety training;
- advise on the response to safeguarding concerns, ensuring that all concerns raised by staff are properly assessed, categorised, actioned and resolved, and ensuring that decisions and rationales are clearly recorded;
- liaise with the Local Authority and work effectively with other agencies in line with *‘Working Together to Safeguard Children (2023)’*;
- refer cases, as appropriate, to the relevant body (local authority children’s social care, Disclosure and Barring Service, and/or police), and support staff who make such referrals directly;
- make referrals to the Channel programme where there is a radicalisation concern and/or support staff who make a referral to Channel;
- support the headteacher with regards to their responsibilities under the Prevent Duty and provide advice and support on protecting children from radicalisation;
- refer cases to the police where a crime may have been committed with reference to *When to call the police NPCC*;
- provide a co-ordinated offer of Early Help when need is identified, having an understanding of the Early Help process to ensure effective support, assessment and

<sup>2</sup> Early years providers and primary schools

<sup>3</sup> Early years providers

<sup>4</sup> Including being trained in Prevent and online safety

understanding of children's additional needs in order to inform appropriate provision of early help and intervention;

- be available during school hours for staff to discuss any safeguarding concerns. If unavailable, ensure a deputy is made available;
- maintain a forensic understanding of safeguarding data, including data relating to child-on-child abuse;
- ensure all staff who work directly with children have read and understood Part 1 and Annex B of *KCSIE* (September 2024);
- ensure all staff who do not work directly with children have read either Part 1 or Annex A (as appropriate) of *KCSIE* (2024);
- ensure that all school staff and those working with the school receive initial training and appropriate regular update training via whole staff training or bulletins on safeguarding, including how to recognise the signs and symptoms of abuse. This includes provision of training on how to report a safeguarding concern via online recording systems;
- ensure that all staff can demonstrate an understanding of child abuse, neglect and exploitation and their main indicators, including for children in care (looked after children);
- ensure that all staff can demonstrate an understanding of wider safeguarding issues (as detailed in Annex B of *KCSIE*) and the additional vulnerabilities of children with special educational needs and disabilities or those who identify as gender questioning;
- keep detailed, accurate and timely records of safeguarding and child protection concerns and take overall responsibility for safeguarding and child protection files, ensuring that such records are stored securely and flagged, but kept separate from the pupil's general file;
- take responsibility for the transfer of safeguarding files when a child under the age of 18 leaves their school, ensuring that all child protection records and files are transferred to the new school (separately from the main pupil file and ensuring secure transit) and confirmation of receipt is obtained, adhering to *KCSIE*'s five school day transfer limit. If the child is the subject of an open case to Children's Social Care, ensure the pupil's social worker is also informed;
- consider whether to share any information about a child leaving the school with the receiving education provider in advance so that the receiving setting is appropriately informed in order to support the child as effectively as possible and plan for her/his arrival;
- monitor school mobility, and in particular take responsibility for ensuring that those children removed from the school are removed in adherence with LA guidance, ensuring that all reasonable steps are taken to ensure that the child is safe;
- attend and contribute to, or ensure an appropriate representative attends, multi-agency safeguarding or child protection meetings;
- ensure that parents and carers are informed of the safeguarding procedures by a statement in the school's prospectus, access to the policy and procedures via a link on the school website and reminders via newsletters;
- work closely with other relevant education professionals (e.g., SENCO, Virtual Schools Head) to ensure children with additional vulnerabilities are safeguarded;
- help to promote educational outcomes of children who have experienced or are experiencing safeguarding or child protection issues by sharing relevant information with teachers and the school's leadership team;
- promote a 'culture of safeguarding', in which every member of the school community acts in the best interests of the child;
- meet regularly with the safeguarding link governor and/or Chair of Governors to review safeguarding at the school;
- meet regularly with relevant curriculum lead to ensure that the safeguarding curriculum is meeting the needs of pupils;
- meet regularly with the school Business Manager/HR lead to ensure that safe recruitment practices are in place and effective, including checking that the Single Central Record is maintained in line with statutory guidance;

- contribute to safeguarding quality assurance activities;
- encourage a culture of listening to children and taking account of their wishes and feelings;
- be alert to the specific needs of children in need, those with special educational and mental health needs, children in care or those who were previously in care, children who have a social worker, and young carers, overseeing the provision of effective pastoral support for all of these children and promoting their educational outcomes by sharing information about their welfare, circumstances and needs with teachers and other staff as appropriate;
- ensure that staff do everything they can to support social workers and contribute to assessments of children when Children’s Social Care become involved;
- notify Children’s Social Care if a child with a child protection plan is absent without explanation at intervals as defined in the Plan;
- ensure that all staff sign to indicate that they have read and understand the *Child Protection and Safeguarding Policy*, the *Staff Code of Conduct (Staff Behaviour Policy)*, the *Online Safety Policy*, the *Behaviour Policy*, the school’s safeguarding response to children who go missing from education, the role of the DSL (including the identity of the DSL and any deputies) and Part One and Annex B of *KCSiE, 2024*, for staff who work directly with children or Annex A for staff who do not work directly with children. As best practice all staff who work directly with children will be encouraged to read Part Five of *KCSiE 2024*;
- ensure that all staff understand that if they have any concerns about a child’s welfare, they should act upon them immediately, either by speaking to the DSL (or a Deputy DSL) or, in exceptional circumstances, taking responsibility to make a referral to Children’s Social Care;
- ensure that all staff make a full record of any safeguarding concerns, either via a ‘Green form’ or via an electronic recording system;
- ensure that all staff know how to make a referral as in sections 29-31 of this policy;
- understand the unique risks associated with online safety and ensures that staff are trained to have the requisite knowledge and up to date capability to keep children safe whilst they are online. This includes an understanding of the expectations, applicable roles and responsibilities in relation to filtering and monitoring;
- understand the relevance of data protection legislation and regulations, especially the *Data Protection Act 2018* and *General Data Protection Regulation (GDPR)* in respect of safeguarding children;
- ensure that all members of the Strategic Leadership Team read *KCSiE 2024*, as specified on page 5 of that guidance;
- inform the headteacher of any serious safeguarding enquiries, especially under section 47 of the *Children Act 1989* and any Police investigations (where the DSL role is not carried out by the headteacher). This includes ensuring that the headteacher and all relevant staff are aware of the requirement for children to be accompanied by an appropriate adult should they need to be interviewed by the Police<sup>5</sup>, following the procedures outlined in *Searching screening and confiscation, 2022*;
- keep a record of staff attendance at child protection training;
- ensure additional school specific safeguarding processes and contextual information is also available as an appendix to this policy on the website;
- ensure parents are aware of the school’s role in safeguarding and that referrals about suspected abuse and neglect may be made;
- ensure that the school holds more than one emergency contact number for every pupil;
- ensure that the headteacher is aware of the responsibility under *Working Together 2023* to refer all allegations that a child has been harmed by, or that children may be at risk of harm from, a member of staff or volunteer to the Local Authority Designated Officer (LADO) within one working day prior to any internal investigation; and to the Disclosure and Barring Service (DBS) as appropriate.

---

## Deputy Designated Safeguarding Leads

Deputy DSLs are appropriately trained to the same standard as the DSL, including in Prevent and online safety, and support the DSL with safeguarding matters as appropriate.

In the absence of the DSL, the Deputy DSLs will carry out those functions necessary to ensure the ongoing safety and protection of pupils. The role and responsibility are explicit in all post holders' job descriptions.

In the event of the long-term absence of the DSL, the Deputy DSL(s) will assume all functions of the DSL as above. If the DSL and their Deputies are unavailable, a member of SLT will cover.

All deputies will be trained to the same standard as the DSL. While the activities of the DSL can be delegated to appropriately trained deputies, the ultimate lead responsibility for child protection, as set out above, remains with the DSL; this lead responsibility should not be delegated.

The trust and the school recognise the pressures inherent within the role of DSLs and DDSLs, and the demands placed upon them. To preserve staff wellbeing, DSLs or DDSLs are not expected to monitor emails, phonelines or online recording software outside of working hours, except during periods of planned school trips or activities. All members of the school community (staff, parents, and pupils) will be made aware of this expectation. Where staff are not contracted to work outside of term time, an emergency rota will be in place covering normal working hours during holiday periods but excluding bank holidays and weekends. To promote the safety of children during these times, the school will regularly share contact details for statutory and non-statutory support services, including police and children social care, with all members of the school community, including via the school's website.

## All Staff

All staff play a particularly important role because they are in a position to identify concerns in order to provide help for children. All staff will:

- be responsible for providing a safe environment, where children can learn;
- be clear on the school's policy and procedures with regards to safeguarding and child-on-child abuse and the important role they have to play in preventing it and responding where they believe a child may be at risk from it;
- complete mandatory training provided by the school so that they know and understand: how to identify indicators of neglect, harm and abuse and the behaviours associated with these risks; what to do if a child discloses information which is a safeguarding concern (including FGM); what safeguarding systems are in place within the school, including decisions, actions, outcomes and the use of any online recording system;
- be aware of the identities of the designated safeguarding team;
- be responsible for ensuring that they have read and understood key policies such as the Acceptable Use Policy, the Child Protection and Safeguarding Policy, the Staff Code of Conduct, the Behaviour Policy and the Online Safety Policy. Staff must also regularly familiarise themselves with the key information contained in Annex B of *KCSIE 2024* in conjunction with this policy;
- be prepared to make referrals to the Front Door if they are concerned that a child is suffering, or likely to suffer, significant harm and understand the role that they may be expected to play in social care assessments;
- be encouraged to contribute to the development of safeguarding policy and practice.

**All staff who work directly with children will be provided with a copy of, and must read, Part 1 and Annex B of KCSIE annually** and will receive ongoing training to maintain knowledge and skills including safeguarding roles and responsibilities. Staff that do not work directly with

children will be provided with a copy of Annex A of *KCSIE* (2024) and must read this document. In either case, all members of staff must sign a declaration confirming they have done this. The school will employ various methods to assess staff understanding.

Although there are extensive mechanisms in place to support staff understanding in relation to safeguarding and child protection, there is an expectation that if staff are unclear on any aspects of school's safeguarding policy or practice, they speak to the DSL immediately, so that additional training can be arranged.

The DSL will set the strategic safeguarding direction for the school, working in an advisory capacity to provide support and guidance to the Headteacher and DDSLs on all safeguarding related matters. The main areas of responsibility include:

- Strategic oversight of developing safeguarding and child protection, ensuring statutory compliance and development of this area;
- Developing, implementing, and evaluating the impact of an annual safeguarding action plan to promote effective quality assurance and practice improvement, responding to emerging training needs as necessary;
- Representing the school within strategic multi-agency partnerships;
- Implementing the safeguarding policy and other relevant policies including attendance;
- Providing or facilitating the provision of advice, guidance and coaching support to DDSLs on complex safeguarding cases.

## 5. Recognising and responding to abuse

If a member of staff, parent or member of the public is concerned about the safety or welfare of a child, they should report it to the DSL as soon as possible. If the DSL is not available, it should be reported to the Deputy DSL/s immediately. If in exceptional circumstances, the DSL (or deputy) is not available, this should not delay appropriate action being taken. Staff should consider speaking to a member of the Strategic Leadership Team and/or take advice from local children's social care, Front Door.

Although any member of staff can make a referral to Front Door, where possible, there should be a prior conversation with the DSL. All staff must follow the procedures set out below in the event of a safeguarding issue.

All staff will be alert to indicators of abuse (including child-on-child abuse, online abuse, and exploitation) and will report any of the following to the Designated Safeguarding Lead immediately:

- any concern or suspicion that a child has sustained an injury outside what is reasonably attributable to normal play;
- any concerning behaviours exhibited by children that may indicate that they have been harmed or are at risk of harm, including unusual changes in mood or behaviour, concerning use of language and/or concerning drawings or stories;
- any significant changes in attendance or punctuality;
- any significant changes in a child's presentation;
- any indicators that a child may be experiencing child on child abuse;
- any concerns relating to people who may pose a risk of harm to a child; and/or
- any disclosures of abuse that children have made.

More information about our approach to child-on-child abuse (including sexual violence and sexual harassment) can be found in specific safeguarding issues, please see Part One, Part Five and Annex B of *KCSIE*, 2024.

## Responding to a Disclosure

When responding to a disclosure from a child, staff will:

- listen to what is being said without displaying shock, disbelief or other emotion;
- accept what is being said;
- allow the child to talk freely;
- reassure the child, but not make promises which might not be possible to keep;
- never promise a child that they will not tell anyone - it may not be in their best interest;
- reassure them that what has happened is not their fault;
- stress that it was the right thing to tell;
- listen without investigating, only asking questions when necessary to clarify;
- not criticise the alleged perpetrator;
- explain what has to be done next and who has to be told;
- not ask pupils to write a written record of their disclosure;
- reassure the victim they are being taken seriously and they will be supported and kept safe. A victim should never be given the impression they are creating a problem by reporting abuse (including sexual violence and sexual harassment), nor should a victim ever be made to feel ashamed for making a report;

## Reporting and Recording a Concern

All staff and volunteers receive guidance on the procedures to report safeguarding concerns upon induction and receive regular updates. All concerns should be reported in writing, using the school's agreed reporting system as detailed in Appendix 1. Records should be created as soon as possible, on the same day and during working hours. Staff should never wait until the next day to complete a safeguarding concern report.

All staff and volunteers will:

- make a written record, informing the child that they are doing so;
- pass the information to the DSL and DDSL without delay, either in person (for immediate, priority cases) or via a green form or an online management system (for lower-level concerns) depending on the nature of the concern. All reports to the DSL must be followed up in writing via the school's agreed system.

The DSL/DDSL will then:

- keep a confidential record of all comments, actions, and observations. These records will be filed, kept securely and access will be restricted to only staff authorised by the DSL, or Headteacher;
- seek to discuss any concerns about the pupil with their parents. This must be handled sensitively and the DSL or DDSL will contact the parent in the event of a concern, suspicion or disclosure. However, if the DSL or DDSL believes that notifying parents could increase the risk to the child or exacerbate the problem, advice will first be sought from Front Door.
- If the DSL or the DDSL believes that 'a child is experiencing or may have already experienced abuse or neglect' or 'is at risk of suffering significant harm' either now or in the future, then the school will comply with the procedures of the Local Safeguarding Partnership, detailed above in Section 2.

## Concerns about significant harm or imminent danger

Any member of staff who suspects or has evidence of child abuse or is concerned that a child may be at risk of imminent danger, must notify the DSL or a DDSL immediately and in person. A referral must be made if a child may be suffering, or at risk of suffering harm. Whilst the DSL or a DDSL should ideally make the referral, anyone can make a referral to children's social care, Front Door. If anyone other than the DSL makes a referral to children's social care or to the

police, they should inform the DSL as soon as possible.

### Concerns below the threshold for significant harm and no imminent danger

Staff should log concerns, at the earliest opportunity, providing sufficient information and context for the DSL/DDSL to assess the information. The DSL will decide on the most appropriate course of action and whether the concerns should be referred to **Front Door**, using the thresholds guidance *Spectrum of Support*, published by the local safeguarding partnership. If it is decided to make a referral to children's social care the parent will be informed, unless to do so would place the child at further risk or undermine the collection of evidence.

All concerns, discussions and decisions will be recorded in writing. The DSL will provide guidance on the appropriate action. Options will include:

- managing any support for the child internally via the school's own pastoral support processes;
- an Early Help Pathway Assessment; or
- a referral for statutory services where the child is, or might be, in need or suffering or likely to suffer significant harm.

### Early Help and vulnerable children

All staff should be prepared to identify children who may benefit from early help. Early help means providing support as soon as a problem emerges at any point in a child's life. If early help is appropriate, the DSL or DDSL will generally lead on liaising with other agencies and setting up an inter-agency assessment as appropriate. Staff may be required to support, in some cases acting as the lead practitioner. Any such cases should be kept under constant review and consideration given to a referral to children's social care for assessment for statutory services if the child's situation does not appear to be improving or is getting worse. Timelines of interventions will be monitored and reviewed.

All staff will be made aware of the early help process, and understand their role in identifying emerging problems, sharing information with other professionals to support early identification and assessment of a child's needs. It is important for children to receive the right help at the right time to address risks and prevent issues escalating. This also includes staff monitoring the situation and feeding back to the DSL or DDSL any ongoing/escalating concerns so that consideration can be given to a referral to children's social care if the child's situation does not appear to be improving. We recognise that any child can be the victim of abuse and may benefit from early help. However, we will be particularly vigilant to potential need for early help if a child:

- is disabled or has certain health conditions and has specific additional needs;
- has special educational needs (whether or not they have a statutory Education, Health and Care Plan (EHCP));
- has a mental health need;
- is a young carer;
- is showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups or county lines;
- is frequently missing/goes missing from care or from home;
- has experienced multiple suspensions, is at risk of being permanently excluded from schools, colleges and in Alternative Provision or a Pupil Referral Unit;
- is at risk of modern slavery, trafficking, sexual or criminal exploitation;
- is at risk of being radicalised or exploited;
- has a parent or carer in custody, or is affected by parental offending;
- is in a family circumstance presenting challenges for the child, such as drug and alcohol misuse, adult mental health issues and domestic abuse;
- is misusing drugs or alcohol themselves;

- has returned home to their family from care;
- is at risk of so-called ‘honour’-based abuse such as Female Genital Mutilation or Forced Marriage;
- is a privately fostered child; or
- is persistently absent from education.

The DSL will maintain a list of pupils who the school has identified to be at potential risk, including those with a social worker; the DSL will ensure that relevant staff are aware and that these pupils are monitored closely and supported to achieve the best possible outcomes. This will include children in care, those previously in care, or those who have special educational needs or disabilities.

## Referrals

If it is appropriate to refer the case to local authority children’s social care or the police, the DSL will make the referral or support the concerned colleague to do so. If a staff member makes a referral directly, they must tell the DSL as soon as possible. Children’s social care assessments should consider where children are being harmed in contexts outside the home, so the school will provide as much information as possible as part of the referral process. This will allow any assessment to consider all the available evidence and enable a contextual approach to address such harm. The school will be guided by Front Door as to the appropriate outcome e.g. complete an Early Help Pathway Assessment or refer to a relevant specialist agency. All Child Protection records, including referrals, will be maintained in a confidential file at the school. The protocols as outlined in the Data Protection Policy must be followed.

The local authority will decide within one working day of a referral about what course of action to take and will inform the referrer of the outcome. **The DSL or person who made the referral must follow up with the local authority if this information is not made available, and ensure outcomes are properly recorded.** If the child’s situation does not seem to be improving after the referral, the DSL or person who made the referral must follow local escalation procedures to ensure their concerns have been addressed and that the child’s situation improves. All escalations must be recorded, using the agreed school system. The DSL should refer all cases of suspected abuse or neglect to the Front Door, to the police in cases where a crime may have been committed, or to the Channel programme where there is a radicalisation concern. Consent will be required before support can be delivered to any individual through the Channel programme. Contact details for the Front Door can be found in Section 2 of this policy.

## Trigger Points and Escalation

In the event of serious incidents, the Headteacher should be notified by the DSL. The Chair of Governors will also be informed.

## 6. Responding to safeguarding issues

The following overview details how the school will respond to specific safeguarding issues. The list is not exhaustive and is designed to complement the contents of *Keeping Children Safe in Education, 2024*. Staff should follow the procedures outlined above when responding to, recording, and reporting the specific safeguarding issues detailed below. The response of DSLs and DDSLs will always be guided by *KSCIE (2024)* and multi-agency policies and procedures implemented by the Safeguarding Partnership.

### Female Genital Mutilation

Female Genital Mutilation (FGM) is a collective term for all procedures involving the partial or

total removal of external female genitalia for cultural or other non-therapeutic reasons. Whilst all staff should speak to the DSL (or deputy) with regard to any concerns about female FGM, the Female Genital Mutilation Act 2003 (as amended by the Serious Crime Act 2015) places a statutory duty upon teachers. If a teacher, in the course of their work in the profession, discovers that an act of FGM appears to have been carried out on a girl under the age of 18, the teacher must report this to the police directly.

## Forced Marriage

A forced marriage is where one or both people do not (or in cases of people with learning disabilities, cannot) consent to the marriage and pressure or abuse is used. A marriage must be entered into with the free and full consent of both parties; there must be a choice. Forced marriage is a crime. Since 2023, it has also been a crime for a person to carry out any conduct whose purpose is to cause a child to marry before their 18<sup>th</sup> birthday, even if violence, threats or another form of coercion are not used. As with the existing forced marriage law, this applies to non-binding, unofficial ‘marriages’ as well as legal marriages.

When responding to concerns regarding Forced Marriage, advice can be sought from the [Forced Marriage Unit](#): Telephone - (0) 20 7008 0151 Email - [fm@fcdo.gov.uk](mailto:fm@fcdo.gov.uk)

## Breast Ironing/Flattening

Breast ironing or flattening is the process during which young pubescent girls’ breasts are ironed, massaged, flattened and/or pounded down over a period of time (sometimes years) in order for the breasts to disappear or delay the development of the breasts entirely. Girls aged between 9 and 15 have hot pestles, stones or other implements rubbed on their developing breasts to stop them growing further. In the vast majority of known cases breast ironing is carried out by mothers or grandmothers and the men in the family are unaware. Breast ironing is a form of physical abuse. Staff or volunteers worried about the risk of breast ironing should report their concerns to the DSL immediately, who will make a referral to the Front Door.

If staff or volunteers are concerned that a pupil is in immediate danger, they should contact the police immediately by calling 999.

The DSL will contact the Foreign and Commonwealth Office if the pupil has been taken abroad:  
Telephone - 020 7008 1500.

## Radicalisation and Extremism

The school has a statutory duty under Section 26 of *The Counter-Terrorism and Security Act, 2015* and the statutory *Prevent Guidance, 2015* to have due regard to the need to prevent people from being drawn into terrorism.

The *Prevent Duty Guidance* requires school to:

- a) Assess the local risk of extremism - School should assess the risk of children being drawn into terrorism. This assessment should be carried out alongside key partners of the school, based on the local environment and informed by the Counter Terrorism Local Profile. The risk assessment will inform the school’s strategic approach to the prevention of radicalisation and extremism, including training and online filtering and monitoring.
- b) Work in partnership - The school will ensure that the policies and procedures of the local Safeguarding Partnership are followed. Staff will work closely with the police and the local Prevent co-ordinator.
- c) Train Staff - all staff will complete Prevent training at least every three years. This will ensure that staff have the confidence to identify children susceptible and at risk to extremist ideas and should ensure they know where and how to refer children and where

to seek further help. DSLs will also complete training on the Channel process.

- d) Implement ICT Policies - The school will take steps to protect children online by ensuring appropriate levels of filtering and monitoring. More information can be found in the *Online Safety Policy*.

The school is committed to ensuring that all pupils benefit from a broad and balanced curriculum that prepares them for life in modern Britain. Fundamental British Values underpin all aspects of the education and curriculum offered. More information on the Channel process can be found on the *Safe in Warwickshire* website and through contacting Geoff Thomas - WCC Prevent Officer

## Child-on-Child Abuse

All staff are made aware that children can abuse other children either inside or outside of the school and know to respond to any concerns with the same rigour as they would for those involving adults. The school does not accept and will not tolerate child-on-child abuse of any kind. Measures to minimise these risks are included in the Anti-bullying and Behaviour and Discipline policies, which should be applied in conjunction with the Child Protection and Safeguarding Policy.

## Online Safety

Online safety is an integral part of safeguarding and requires a whole school, cross-curricular approach and collaboration between key school leads. This includes meeting the DfE's *Filtering and Monitoring and Digital and Technology Standards*. Accordingly, the *Online Safety* and associated *Acceptable Use* policies are written in line with these standards, in addition to *KCSIE, 2024, Teaching Online Safety in Schools, 2019*, statutory RSHE guidance, 2019, and other relevant statutory and non-statutory guidance.

Technology, and the risks and harms associated with it, evolve and change rapidly. The school will carry out an annual review of their approach to online safety, overseen by the DSL and Online Safety Lead. The Online Safety Lead will work with relevant curriculum leads to ensure that online safety is embedded within the curriculum. This will include ensuring that the curriculum is inclusive and accessible and reflects the heightened vulnerability of some pupils online (e.g. pupils with SEND).

Our school makes use of filtering and monitoring software to block inappropriate content and monitor pupils and staff internet use on school-owned devices, or any other pupil or staff member's device accessing the school network. Monitoring includes an element of external, human moderation. Concerns are logged directly using the school's safeguarding recording system and is brought to the attention of the DSL. Monitoring does not apply when individuals access the internet via their own devices and via 3G, 4G and 5G.

The school will teach pupils about the acceptable use of technology, recognising online risk and ways to stay safe online, including when using personal devices. Pupils will be encouraged to report any incidents relating to harmful content, conduct or contact. Where such incidents are caused by the behaviour of another pupil, the *Behaviour and Discipline Policy* will be applied. Policies in relation to the use of mobile phones and wearable devices by pupils, visitors and staff will be available on request to the school or via the website.

The school will take all reasonable action to limit children's exposure to online risks from accessing the IT system. This includes ensuring the school's filtering and monitoring systems are robust and that their effectiveness is reviewed regularly. The school will consider the number and age range of children, those who are potentially at greater risk of harm and how often they access the IT, along with the proportionality of costs versus safeguarding risks.

The appropriateness of filtering and monitoring systems is managed by school, including risk assessments for individuals where necessary. Where a safeguarding concern for a pupil relates to online safety, usual safeguarding procedures in relation to responding, recording and reporting will apply. This may lead to the provision of school-based interventions, early help, or referral to the police or Front Door. The response will be overseen by the DSL. More detailed guidance can be found in the Online Safety / ICT Policy.

## Child Sexual Exploitation (CSE) and Child Criminal Exploitation (CCE)

Both CSE and CCE are forms of abuse that occur where an individual or group takes advantage of an imbalance in power to coerce, manipulate or deceive a child into taking part in sexual or criminal activity, in exchange for something the victim needs or wants, and/or for the financial advantage or increased status of the perpetrator or facilitator and/or through violence or the threat of violence.

CSE and CCE can affect children, both male and female and can include children who have been moved (commonly referred to as trafficking) for the purpose of exploitation. The school recognises that both boys and girls can be victims of criminal exploitation, and that as children involved in criminal exploitation often commit crimes themselves, their vulnerability as victims is not always recognised. The school will adopt a child-centred approach when responding to any concerns relating to child criminal exploitation and will always consider child criminal exploitation when responding to reports of suspected offending by pupils.

CSE is a form of child sexual abuse. Sexual abuse may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing, and touching outside clothing. It may include non-contact activities, such as involving children in the production of sexual images, forcing children to look at sexual images or watch sexual activities, encouraging children to behave in sexually inappropriate ways or grooming a child in preparation for abuse, including via the internet.

The school will raise awareness of CSE and CCE, when appropriate, through the safeguarding curriculum, guided by the age and stage of children and safeguarding priorities within the local area. The school recognises that some children may not realise they are being exploited and may believe that they are in a genuine, romantic relationship. The school will be particularly mindful of this when responding to reports involving 16- and 17-year-olds who, whilst above the legal age of consent, may have been coerced into engaging in sexual activity.

Procedures outlined by the LA when responding to concerns about child exploitation will be followed. This will include making use of available screening tools to identify and respond to potential risks.

## Domestic Abuse

Domestic abuse can encompass a wide range of behaviours and may be a single incident or a pattern of incidents. That abuse can be, but is not limited to, psychological, physical, sexual, financial or emotional. Children can be victims of domestic abuse. They may see, hear, or experience the effects of abuse at home and/or suffer domestic abuse in their own intimate relationships (teenage relationship abuse), all of which can have a detrimental and long-term impact on their health, well-being, development, and ability to learn.

Domestic abuse can also include child/adolescent to parent violence. More information on this hidden form of domestic abuse, including coercive and controlling behaviours, can be found in the *Domestic Abuse Act, 2021*.

Pupils will be encouraged to report incidents of domestic abuse, by raising awareness of healthy relationships through the curriculum and regularly reminding pupils of sources of help and

support available. Staff will also be mindful that the behavioural response of children who witness domestic abuse may include acting out, withdrawal or anxiousness to please. They may exhibit signs of anxiety, or may use violence, aggression, or self-injury to express themselves.

Any concerns relating to domestic abuse will be logged immediately. The school will engage with Operation Encompass, a scheme run by the police, through which school is notified of incidents of domestic abuse. Upon receipt of this information, DSLs will ensure that pupils are closely monitored, and support is put in place, where appropriate.

## Mental Health

All staff should be aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation. Whilst only appropriately trained professionals should attempt to make a diagnosis of a mental health problem, staff are well placed to observe children and identify those whose behaviour suggests that they may be experiencing a mental health problem or be at risk of developing one. Where children have suffered abuse and neglect, or other potentially traumatic adverse childhood experiences (ACEs), this can have a lasting impact throughout childhood, adolescence and into adulthood. All staff should be aware of how these experiences can impact on their mental health, behaviour, attendance and progress at school.

The school will seek to embed positive mental health and mental health awareness by creating a culture where pupils can self-identify, signpost peers and seek support themselves. Key staff will complete mental health training and will promote positive mental health and well-being through the curriculum. If staff have a mental health concern about a child that is also a safeguarding concern, immediate action should be taken in line with the procedures outlined above.

## Private Fostering

A private fostering arrangement is one that is made privately (without the involvement of a local authority) for the care of a child under the age of 16 years (under 18, if disabled) by someone other than a parent or close relative, in their own home, with the intention that it should last for 28 days or more. A close family relative is defined as a 'grandparent, brother, sister, uncle or aunt' and includes half-siblings and step-parents; it does not include great-aunts or uncles, great grandparents or cousins.

School staff should notify the DSL when they become aware of private fostering arrangements. The DSL will speak to the family of the child involved to check that they are aware of their legal duty to inform the local authority. The school itself has a duty to inform the local authority of private fostering arrangements. On admission to the school, steps will be taken to verify the relationship of the adults to the child who is being registered.

## Children not collected from school

On rare occasions, instances occur where children of school age are left uncollected for considerable lengths of time. The school will respond to these occurrences sensitively, yet consistently, to ensure the safety and welfare of all children. On admission to a school, parents/carers should provide accurate information about who holds parental responsibility for their children i.e. names, addresses and telephone numbers, names and telephone numbers of at least two emergency contact persons and any information if anyone other than the parent/carer is to collect a child from school. Parents/carers must also provide updated contact details when these are changed.

The school will ensure that parents are provided with information about the times of the school day and the expectation regarding the delivery and collection of children, where appropriate.

If a child is not collected from school 15 minutes after the end of the school day, staff will telephone (if possible) the parents/carers. If there is no response, staff will attempt to contact those persons identified as emergency contacts and notify the Headteacher/DSL. If, after 30 minutes, it has not been possible to contact parents/carers or emergency contacts, consideration will be given to notifying the police. The Headteacher/DSL may also contact the Front Door, if appropriate. Detailed, timed records of the action taken, and calls made will be maintained.

## Relationship, sex and health education curriculum

Through the curriculum, staff will ensure that children receive a preventative education which teaches them how to keep themselves and others safe, including online, and prepares them for life in modern Britain. This includes creating a culture of zero tolerance for sexism, misogyny/misandry, homophobia, biphobia, transphobia and sexual violence and harassment.

Through regularly timetabled lessons, pupils receive an inclusive, age and stage appropriate health education, in addition to relationships education for primary pupils and relationships and sex education for secondary pupils. Key messages are reinforced throughout the curriculum and staff will receive training to support them in the delivery of the curriculum. The school will use a variety of methods to meet the needs of vulnerable children, including children who are victims of abuse, and children with special educational needs or disabilities.

The curriculum will explore issues such as:

- Healthy and respectful relationships;
- Boundaries and consent;
- Stereotyping, prejudice and equality;
- Body confidence and self-esteem;
- How to recognise an abusive relationship, including coercive and controlling behaviour;
- The concepts of, and laws relating to sexual consent, sexual exploitation, abuse, grooming, coercion, harassment, rape, domestic abuse, so called 'honour-based violence' such as forced marriage and Female Genital Mutilation, and how to access support; and
- What constitutes sexual harassment and sexual violence and why these are always unacceptable.

More information can be found in the Part Five, *KCSiE 2024* and the school's *PSHE Policy*.

## 7. Sexual Violence and Sexual Harassment in School

As outlined in Sections 5 and 6, the school recognises that children can abuse children. This may involve harmful sexual behaviour, including sexual harassment and sexual violence.

### Sexualised behaviour

Children's sexual behaviour exists on a wide continuum<sup>6</sup>, ranging from normal and developmentally expected to inappropriate and problematic (problematic sexual behaviour) or abusive and violent (harmful sexual behaviour). Problematic, abusive and violent sexual behaviour is developmentally inappropriate and may cause developmental damage. It can occur online and/or face-to-face and can also occur simultaneously between the two.

Sexual violence and sexual harassment are examples of harmful sexual behaviour (HSB) and can occur between two or more children of any age and sex and may occur through a group of

---

<sup>6</sup> See Hackett's *Harmful Sexual Behaviour Continuum*

children sexually assaulting or sexually harassing a single child or group of children. The school adopts a zero-tolerance approach to sexual violence and sexual harassment. Staff will not dismiss incidents as ‘banter’, ‘just having a laugh’ or ‘part of growing up’, as this could lead to a culture of unacceptable behaviour, an unsafe environment, or a culture that normalises abuse, leading to children accepting it and not coming forward to report it.

Staff are expected to challenge and report all forms of sexual violence and sexual harassment. All staff must adopt an attitude of “It could happen here” and understand that even if there are no reports, this does not mean it is not happening and may indicate that incidents are not being reported. All staff will receive training on HSB, including sexual violence and sexual harassment.

## Sexual Violence

When referring to sexual violence we are referring to sexual offences under the *Sexual Offences Act 2003*, as described below:

- **Rape:** A person (A) commits an offence of rape if: he intentionally penetrates the vagina, anus or mouth of another person (B) with his penis, B does not consent to the penetration and A does not reasonably believe that B consents.
- **Assault by Penetration:** A person (A) commits an offence if: s/he intentionally penetrates the vagina or anus of another person (B) with a part of her/his body or anything else, the penetration is sexual, B does not consent to the penetration and A does not reasonably believe that B consents.
- **Sexual Assault:** A person (A) commits an offence of sexual assault if: s/he intentionally touches another person (B), the touching is sexual, B does not consent to the touching and A does not reasonably believe that B consents. Sexual assault covers a very wide range of behaviour; a single act of kissing someone without consent or touching someone’s bottom/breasts/genitalia without consent, can still constitute sexual assault.
- **Causing someone to engage in sexual activity without consent:** A person (A) commits an offence if: s/he intentionally causes another person (B) to engage in an activity, the activity is sexual, B does not consent to engaging in the activity, and A does not reasonably believe that B consents. This could include forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third party.

## Sexual Harassment

Sexual Harassment may include:

- Sexual comments;
- Sexual ‘jokes’ or taunting;
- Physical behaviour, such as: deliberately brushing against someone, interfering with someone’s clothes;
- Displaying pictures, photos or drawings of a sexual nature;
- ‘Upskirting’;
- Online sexual harassment, which may include:
  - Consensual and non-consensual sharing of nude and semi-nude images and/or videos (see *Online Safety Policy* for more information);
  - Sharing unwanted explicit content;
  - Sexualised online bullying;
  - Unwanted sexual comments and messages, including, on social media;
  - Sexual exploitation; coercion and threats; and
  - Coercing others into sharing images of themselves or performing acts online which they are not comfortable with.

## Consent

Consent is about having the freedom and capacity to choose. Consent to sexual activity may be given to one sort of sexual activity but not another. For example, to vaginal but not anal sex or penetration with conditions, such as wearing a condom. Consent can be withdrawn at any time during sexual activity and each time activity occurs. Someone consents to vaginal, anal or oral penetration only if s/he agrees by choice to that penetration and has the freedom and capacity to make that choice. It is important to remember that:

- The legal age of consent is 16;
- Many young people will develop a healthy and developmentally appropriate interest in sexual relationships whilst they are still children, and some will do this before they reach the age of consent;
- A child under 13 does not, under any circumstances, have the legal capacity to consent to any form of sexual activity (Section 5 *Sexual Offences Act*, 2003);
- Any sexual intercourse without consent is rape.

All staff are expected to understand the meaning of consent. The school will teach children about consent through the safeguarding curriculum, when age appropriate. Further information can be accessed at [www.rapecrisis.org.uk/get\\_informed](http://www.rapecrisis.org.uk/get_informed).

### Preventing harmful sexual behaviour

The school will adopt a whole school approach to safeguarding, creating a culture that makes clear that there is a zero-tolerance approach to sexual violence and sexual harassment. All pupils will receive a strong preventative education programme that will help to create an environment in which all children are supportive and respectful of their peers when reports of sexual violence and sexual harassment are made. The DSL will work with local partner agencies, including police and social care, to ensure that they have a proactive understanding of local protocols for harmful sexual behaviour. The DSL and DDSLs will map out, and know how to access, local specialist support that is available to children who are victims or those displaying harmful sexual behaviour. The DSL will regularly analyse reports of harmful sexual behaviour, to identify and respond to emerging trends at the pupil or cohort level. This may involve working with relevant curriculum leads to respond proactively to emerging themes. The DSL will make use of a range of quantitative and qualitative pupil voice information to understand the lived realities of pupils within school.

### Initial response to reports of sexualised behaviour

All incidents of sexualised behaviour should be reported and recorded in line with any safeguarding concern for a child, for which all staff are trained. When responding to a report of harmful sexual behaviour, staff will:

- aim to have two members of staff present, including a DSL or DDSL, where behaviours are problematic, or harmful (violent or abusive);
- reassure victims that they will be taken seriously, irrespective of whether the abuse has occurred inside or outside of school;
- not promise confidentiality;
- recognise that the initial disclosure may only be the first incident reported, rather than representative of a singular incident and that trauma can impact memory and so children may not be able to recall all details or the timeline of abuse;
- consider that certain children may face additional barriers to reporting;
- listen carefully to the child; reflect back, using the child's language; be non-judgemental, be clear about boundaries and how the report will be progress and, do not ask leading questions;
- record the incident using the agreed school system and notify the DSL or a DDSL. Records should include the facts as the child presents them and be free from opinion;
- have due regard for the *Screening Searching and Confiscation Guidance*, and the *UKCIS Sharing nudes and semi-nudes: advice for education settings working with children and*

*young people*, when responding to incidents involving online sexual abuse.

**Staff will not view or forward illegal images of children, under any circumstances.** All DSLs and DDSLs will understand local referral processes to police and social care.

## DSL or Deputy DSL response to Harmful Sexual Behaviour

When responding to a report of harmful sexual behaviour (HSB), DSLs and DDSLs will:

- take immediate action to safeguarding and protect the victim, the child displaying HSB and any other children or staff who may be at risk. Triage the incident using the *Brook Traffic Light Tool* (trained staff only), guided by the *Hackett Continuum of Harmful Sexual Behaviour*;
- inform the victim's parents or carers (unless doing so would place the victim at risk);
- inform the parents of the child who is alleged to have displayed HSB (in consultation with police, if necessary);
- consider whether the report will be managed internally, via early help (e.g., for non-violent cases of harmful sexual behaviour), via referral to children social care or to police, ensuring that the response is proportionate;
- make a referral to children's social care if a child has suffered, or is at risk of suffering, significant harm or is in imminent danger;
- report incidents of rape, sexual assault by penetration and sexual assault to the police;
- balance the victim's wishes against their duty to protect the victim and other children;
- offer appropriate specialist support for the victim and the child displaying harmful HSB;
- do all they reasonably can to protect the anonymity and ongoing safety of all children involved;
- complete a risk and needs assessment for all cases of sexual violence, taking into account all victims, all children displaying HSB, the time and location of the incident and any action required to make the location safer. Risk assessments will be recorded, kept under review at all times and shared with staff on a need-to-know basis in order to keep children safe.

In addition to the above, DSLs will consider and record the incident using the agreed school system. This DSL will maintain an understanding of intra-familial harms and any necessary support for siblings following incidents. DSLs and DDSLs will also record ongoing decisions and rationale. Where a DSL/DDSLS makes a referral to police or social care against the victim's wishes, this will be handled carefully and sensitively, with adequate time given to explaining the decision and rationale to the victim. In cases which are found to be unsubstantiated, unfounded, false or malicious, the DSL will consider whether the child who has made the allegation is in need of help and/or may have been abused by someone else. Where this is the case, consideration will be given to referring to children's social care. In cases which are shown to be deliberately invented or malicious, the school will consider taking action in line with the *Behaviour Policy*.

## Managing Police involvement in cases of Harmful Sexual Behaviour

When a report has been made to police, the DSL will:

- consult with police and agree what information can be disclosed to staff and others, including the parents of the child who is alleged to have displayed HSB, and how to protect the victim and their anonymity;
- work closely with the police to ensure that any actions taken by school do not jeopardise the police investigation, but will not wait for an outcome before taking steps to protect all children involved and in the wider school community;
- carefully consider the balance between managing risk and the rights of an unconvicted person, particularly when the police make use of bail conditions;

- continue to offer support to the child who has allegedly displayed HSB;
- update the risk assessment in cases where the police find a child guilty of an offence, to ensure relevant protections are in place, and consider any suitable action in line with the *Behaviour Policy*;
- continue to support all children involved for as long as is necessary in cases where the police outcome is “no further action”.

Disciplinary action can be taken by the school whilst other investigations by children’s social care or police are ongoing. The school will seek to form a conclusion, on the balance of probabilities, about what happened and impose a penalty accordingly. The school will work with partner agencies to avoid prejudicing an investigation and/or subsequent prosecution by the action taken.

### Ongoing management and support for children

When safeguarding and supporting the victim, the DSL will:

- empower the victim to retain as much control of the process as possible;
- enable the victim, if they wish, to continue their normal routine;
- explore and offer a range of internal and external specialist support, if required;
- ensure that staff are sensitive to the potential needs of the victim;
- avoid taking action to isolate the victim, in particularly from supportive peer groups, but work with victims to consider adaptations to the school timetable if this is in line with their wishes;
- provide all necessary support to the victim to remain in the school, but support the wishes of the victim and their family if their preference is to consider alternative provision or alternative schools.

When safeguarding and supporting the child who has allegedly displayed HSB, the DSL will:

- seek to identify and respond to any unmet needs;
- consider and manage any risks posed to other children;
- support the child to prevent re-offending and address any underlying trauma that may be causing their behaviour;
- implement a comprehensive safeguarding management plan to support the child to have continued access to education. This may involve working with other schools or providers of alternative provision.

### Monitoring Harmful Sexual Behaviour

The DSL will conduct regular reviews of all incidents of HSB, to ensure that incidents have been recorded and responded to correctly, and that all children have received appropriate support.

## 8. Children with increased risk factors

The school recognises that whilst all children should be protected, some groups of children are potentially at greater risk of harm than others (both on and offline). All staff will be made aware of the potentially heightened vulnerability of the following pupil groups. Key staff will be made aware of potentially vulnerable pupils, on a need-to-know basis. DSLs will put in place mechanisms to facilitate additional monitoring of pupils identified as vulnerable. This may include implementing additional school-level interventions, working with partner agencies to provide early help, or referring to statutory or specialist services, if required.

### Special Educational Needs and Disabilities

The school fully recognises the importance of awareness around additional vulnerabilities of children with special educational needs (SEN) and disabilities, or certain medical or physical health conditions and the additional safeguarding challenges children can face both on and offline. All staff will be made aware of the additional barriers that can exist when recognising abuse and neglect in this group, including:

- assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration;
- pupils being more vulnerable to peer group isolation/ social thinning than other pupils;
- the potential for pupils with SEND being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs;
- communication barriers and difficulties in overcoming these barriers; and/or
- cognitive understanding difficulties - not understanding the difference between fact and fiction in online content and then repeating the content/behaviours or not understanding the consequences of doing so.

The DSL will liaise closely with the SENCO following any reports of abuse relating to children with SEND and consider extra pastoral support. Further information can be found in the school's *SEND Policy*.

### Children who are LGBT

Children who are, or who are perceived to be, LGBT can be targeted by other children. Risks can be compounded when children who are LGBT lack a trusted adult with whom they can be open. Staff will be mindful of the additional barriers that may face children who are LGBT and will seek to build trusted relationships with pupils and provide a safe space for them to speak out or share their concerns. LGBT inclusion is embedded within Health Education, Relationship Education and Relationship and Sex Education. The school has a named person for LGBT support and guidance and their role is promoted through the school's inclusive ethos.

### Children with a social worker and those who previously needed a social worker

Pupils may need a social worker due to safeguarding or welfare needs. This may be due to abuse and/or neglect and/or complex family circumstances. The school recognises that a child's experiences of adversity and trauma can leave them vulnerable to further harm as well as potentially creating barriers to attendance, learning, behaviour and positive mental health. The school will work with the local authority and external agencies to ensure there is effective support for this group of children.

Local authorities should share the fact that a child has a social worker, and the DSL will hold and use this information to ensure that decisions can be made in the best interest of the child's safety, welfare and educational outcomes. This information will inform decisions about safeguarding and promoting welfare (including the provision of school and/or pastoral support) and will be taken into account when making decisions which may increase the level of risk to a child (e.g. suspensions or permanent exclusions). In such circumstances, school will work with partner agencies to identify and mitigate risks, wherever possible.

### Children in care/previously in care (Looked after/previously looked after children)

All staff must be aware of the issues regarding safeguarding for children in care or those previously in care. The school will ensure that staff have the skills, knowledge and understanding to keep safe children in care and those previously in care. In particular, they will ensure that:

- appropriate staff have relevant information about children's looked after legal status, contact arrangements with birth parents or those with parental responsibility, and care arrangements;

- the DSL has details of social workers and relevant virtual school heads;
- the school has a designated teacher, who is responsible for promoting the educational achievement of children in care, or those previously in care in line with statutory guidance; and
- the designated teacher is appropriately trained and has the relevant qualifications and experience to perform the role.

As part of their role, the designated teacher will:

- work closely with the DSL to ensure that any safeguarding concerns regarding children in care/ previously in care are quickly and effectively responded to; and
- work with virtual school heads to promote the educational achievement of children in care/ previously in care, including discussing how Pupil Premium Plus funding can be best used to support this cohort and to meet the needs identified in their Personal Education Plans.

### Elective Home Education (EHE)

Whilst the school recognises that many home educated children have an overwhelmingly positive learning experience, this is not the case for all. This can mean some children are less visible to services that are there to keep them safe and supported in line with their needs.

All staff will encourage parents to send their children to school to embrace the benefits of being a part of the school community, particularly those who are vulnerable. Under no circumstances will school attempt to pressure or encourage a parent to home educate. Where an application for EHE is made, the school will follow the EHE protocol as detailed in the *Attendance Policy*, which includes meeting with parents to determine whether the decision to home educate is in the best interests of the child. A summary of this meeting will be recorded.

The school will also look to engage the Local Authority and other relevant agencies at the earliest opportunity to ensure that parents and carers have considered what is in the best interests of their child. This is particularly important where a child has SEND and/or a social worker and/or is otherwise vulnerable. Where a child has an EHCP, the local authority will need to review the plan, working closely with parents and carers. If at any stage safeguarding concerns are identified, these will be referred to the Front Door without delay, in line with the procedures outlined above. In any event, the Local Authority will be informed of a parental request for EHE. If a parent wants to admit their child to a school, the normal processes for in-year admissions applications will be followed.

### Children Requiring Mental Health Support

All staff must be aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation. This can have a lasting impact throughout childhood, adolescence and into adulthood. Staff should be aware that these experiences can impact on children's mental health, behaviour, attendance and progress at school. The school's Mental Health Lead, named in Appendix 4 of this policy, will implement a range of systems and processes to facilitate the identification of possible mental health problems. Any concerns relating to mental health and wellbeing, including referrals and escalation to specialist services including Child and Adolescent Mental Health Services, will be recorded using the school's agreed system. The school will also make use of a range of internal and external interventions to support pupils experiencing mental health problems.

### Children Absent from Education

All staff should be aware that children being absent from education for prolonged periods of time and/or on repeat occasions can act as a vital warning sign to a range of safeguarding issues.

This may include abuse and neglect, which may include child sexual and child criminal exploitation - particularly county lines. It may indicate mental health problems, risk of substance abuse, risk of travelling to conflict zones, risk of female genital mutilation or risk of forced marriage. Early intervention is necessary to identify the existence of any underlying safeguarding risk and to help prevent the risks of a child becoming persistently absent or becoming a child missing in the future. Staff are aware of our school Attendance Policy, which provides details on the procedures for addressing persistent and severe absence from school. They understand that attendance is everyone's business in the school.

## 9. Recognising abuse - Training

The school is committed to continuous professional development and all staff undergo rigorous and ongoing safeguarding training. We strive to ensure that staff fully understand their safeguarding responsibilities, that training promotes a culture of safeguarding and equips staff with the skills to identify any signs of abuse, neglect, harm and exploitation.

All staff, but especially the designated safeguarding lead (and deputies), should have the awareness to consider whether children are at risk of abuse or exploitation in situations outside of their families. Extra-familial harm (also known as contextual safeguarding) takes a variety of different forms and children can be vulnerable to multiple harms including (but not limited to) sexual abuse (including harassment and exploitation), domestic abuse in their own intimate relationships (teenage relationship abuse), criminal exploitation, serious violence, county lines, and radicalisation.

### Full staff training

All staff members must undertake safeguarding and child protection training at induction (including online safety and whistleblowing procedures) to ensure they understand the school's safeguarding systems, their responsibilities and that they can identify signs of possible abuse, neglect and exploitation. The training must also include, amongst other things, an understanding of the expectations, applicable roles and responsibilities in relation to filtering and monitoring. This training will be regularly updated and will be in line with advice from Warwickshire Safeguarding and other LA's applicable to the children attending the school.

All staff will have training on the government's anti-radicalisation strategy Prevent, to enable them to identify children at risk of being drawn into terrorism and to challenge extremist ideas. This should be renewed every three years, or more frequently depending on the school's Prevent Risk Assessment.

Staff will also receive regular safeguarding and child protection updates (for example, through emails, e-bulletins and staff meetings) as required, but at least annually. Staff will also receive appropriate levels of training and/or information on a range of thematic safeguarding issues, as referenced below. Further information about all of these concerns is available in Annex B of *KCSiE, 2024*.

Teachers and support staff, as relevant to their role, will receive training to ensure that they can manage behaviour effectively to ensure a safe educational environment; they should have a clear understanding of the needs of all pupils.

Contractors and volunteers will receive appropriate training, as applicable. The DSL will verify the quality of the training and if necessary, reinforce messages through sharing resources with individuals.

### The DSL and Deputy DSL training

The DSL and Deputy DSLs will undertake DSL training at least every two years. In addition, they will update their knowledge and skills at regular intervals and at least annually (for example, through e-bulletins, meeting other DSLs, or taking time to read and digest safeguarding developments). They will also undertake Prevent awareness training and online safety training.

### Governor and trustee training

All governors and trustees receive safeguarding and child protection (including online safety) training at induction. This includes, amongst other things, an understanding of the expectations, applicable roles and responsibilities in relation to filtering and monitoring. Training is regularly updated. Training is focussed on equipping them with the knowledge to provide strategic challenge to test and assure themselves that safeguarding policies and procedures in place in school are effective and support the delivery of a robust whole school approach to safeguarding.

In the event that a governor has been unable to attend/complete the annual safeguarding training by the specified date for completion, their position as a governor will be reviewed by the Chair of Governors in discussion with the Headteacher.

An annual record of training will be maintained by the clerks to the SSCs and the clerk to the trustees.

## 10. Recruitment

At least one person conducting any interview for a post at the school will have undertaken accredited safer recruitment training. This will cover, as a minimum, the contents of the Department for Education's statutory guidance, *KCSiE, 2024*, and will be in line with local safeguarding procedures. The training should be refreshed every three years.

Accredited full training and refresher training is provided in both face-to-face and online versions through CAT HR and the Director of Safeguarding.

## 11. Supervision

All DSLs and Deputy DSLs who have contact with children and families will have supervision which will provide them with support, coaching and training, promote the interests of children and allow for confidential discussions of sensitive issues.

## 12. Safer working practice

**All staff work to create and embed a culture of openness, trust and transparency**, in which the values and expected behaviour (as set out in the *Staff Code of Conduct*) are constantly lived, monitored and reinforced by all staff.

**All staff must act with professionalism at all times.** To reduce the risk of unsafe or harmful practice, safer working practice training should be included in annual training days and staff should be familiar with the *Staff Code of Conduct*, *Acceptable Use Policy* and the Safer Recruitment Consortium document *Guidance for safer working practice for those working with children and young people in education settings* (February 2022).

**The Governors and strategic leaders** will ensure that this policy is adhered to by:

- ensuring staff are clear about what appropriate behaviour is, and are confident in

distinguishing expected and appropriate behaviour from concerning, problematic or inappropriate behaviour, in themselves and others through effective training;

- empowering staff to share any low-level safeguarding concerns;
- addressing unprofessional behaviour and supporting the individual to correct it at an early stage;
- providing a responsive, sensitive and proportionate handling of such concerns when they are raised; and
- helping to identify any weakness in the school's safeguarding system.

**Staff must adhere to the Staff Code of Conduct at all times.** In the event of any concerns or allegations, the school will address these promptly, in line with local guidance and *KCSiE, 2024*.

#### **Staff use of personal mobile phones and 'Smart' devices:**

- Staff will limit such use to times when pupils are not present. Staff members' personal phones will remain in their bags, cupboards or out of sight during contact time with pupils. Staff will not take pictures or recordings of pupils on their personal phones or cameras.
- The *General Data Protection Regulation* and *Data Protection Act, 2018* will be adhered to when taking and storing photos and recordings for use in the school.
- Additional guidance for mobile phone and Smart devices is available within the *Code of Conduct* including reference to visits/trips. Staff should familiarise themselves with this. If in any doubt, then clarity can be sought from the Headteacher or DSL.

**Safeguarding concerns that do not meet the harm threshold (low-level concerns)** In the event that there is a safeguarding concern about a member of staff, guidance outlined in Part 4, Section 2 of *KCSiE, 2024* will be adhered to. The term 'low-level' concern does not mean that it is insignificant; it means that the behaviour towards a child does not meet the harms threshold.

A low-level concern is any concern - no matter how small, and even if no more than causing a sense of unease or a 'nagging doubt' - that an adult working in or on behalf of the school may have acted in a way that:

- is inconsistent with the staff code of conduct, including inappropriate conduct outside of work; but
- does not meet the allegations threshold or is otherwise not considered serious enough to consider a referral to the LADO.

It is essential that low-level concerns are reported. Such behaviours can exist on a wide spectrum, from the inadvertent or thoughtless, or behaviour that may look to be inappropriate, but might not be in specific circumstances, through to that which is ultimately intended to enable abuse. The school will act quickly, proportionately and appropriately in the event of a low-level concern, to prevent abuse or harm of a child and to promote a culture of safeguarding.

Dealing with low-level concerns also protects those working in or on behalf of the school from potential false allegations or misunderstandings. Staff will receive training about what may constitute a low-level concern. More information can be found in Part four of *KCSiE, 2024*.

#### **Reporting low-level concerns**

Low-level concerns should be reported to the Headteacher in line with the *Staff Code of Conduct*. All low-level concerns should be recorded in writing. The record should include details of the concern, the context in which the concern arose, and action taken. The name of the individual sharing their concerns should also be noted unless the individual wishes to remain anonymous, in which case this should be respected as far as reasonably possible. These records will be kept by the Headteacher.

The Headteacher may:

- speak directly to the person who raised the concern (unless it has been raised anonymously);
- speak to the individual involved and/or witnesses. The Headteacher will then categorise the type of behaviour and decide on an appropriate course of action. This will be recorded, along with rationale for any decisions made and details of action taken.

Records will be reviewed so that potential patterns of concerning, problematic or inappropriate behaviour can be identified. In the event that patterns and/or wider cultural issues within the school are identified, the school will either:

- take action through our disciplinary procedures;
- refer behaviour to the local authority designated officer (LADO) where a pattern of behaviour moves from a concern to meeting the harms threshold; and/or
- revise policies or implement extra training as appropriate, to minimise the risk of behaviour happening again.

The school will retain information about low-level concerns until the member of staff is no longer employed by the school.

**Inappropriate behaviour by staff towards pupils is unacceptable.** Under the *Sexual Offences Act, 2003*, it is an offence for a person over the age of 18 to have a sexual relationship with a person under the age of 18, where that person is in a position of trust, even if the relationship is consensual. This means that any sexual activity between a member of staff and a pupil under 18 may be a criminal offence, even if that pupil is over the age of consent.

Other examples of inappropriate behaviour can be found in the *Staff Code of Conduct*. Such offences will be handled in line with the *KCSiE*, Part Four.

Adults working or volunteering for, or on behalf of, the school must not have sexual relationships or engage in any form of communication which could be interpreted as sexual, with any child or pupil (including those aged 18 or over). More information can be found in the *Staff Code of Conduct*.

The school recognises the possibility that adults working in the organisation may harm children, including governors, volunteers, supply teachers, agency staff and contractors.

**Allegations that may meet the harms threshold** should be addressed in line with the guidance in *KCSiE*, Part Four. The harms threshold is met where it is alleged that anyone working in the school who provides education for children under 18 years of age, including supply teachers and volunteers has:

- behaved in a way that has harmed a child, or may have harmed a child;
- possibly committed a criminal offence against or related to a child;
- behaved towards a child or children in a way that indicates they may pose a risk of harm to children; or
- behaved or may have behaved in a way that indicates they may not be suitable to work with children.

This includes behaviour or incidents that have occurred in and outside of the school. Staff who are concerned about the conduct of a colleague towards a pupil may worry that they have misunderstood the situation and may wonder whether a report could jeopardise their colleague's career. All staff must remember that the welfare of the child is paramount. The *CAT Whistleblowing Policy* and school's *Staff Code of Conduct* enable staff to raise concerns or allegations in confidence and for a sensitive enquiry to take place.

If a concern or allegation of abuse arises against any person working or volunteering on the school site (other than the Headteacher), this must be reported to the Headteacher immediately and not discussed directly with the person involved. This includes supply staff, volunteers and anyone working in or on behalf of the school, whether paid or unpaid. Alternatively, staff are able to report the concern through the Whistleblowing Procedure or directly to the Local Authority Designated Officer (LADO). Further detail is provided on the Warwickshire Safeguarding website.

**The Headteacher should consider if the concern or allegation meets the threshold for LADO intervention.** Allegations against staff relating to a position of trust issue will be referred to the LADO within 24 hours. If a child has suffered or may have suffered abuse or harm, a Front Door referral will also be made, and the police will be contacted if necessary. A referral to the Disclosure and Barring Service will be made if a member of staff is dismissed or removed from their post as a result of safeguarding concerns or would have been removed had they not resigned.

If an allegation is made relating to an incident that happened when an individual or organisation was using the school premises for the purposes of running activities for children, the school will follow the same safeguarding policies and procedures, including informing the LADO.

**Allegations against the Headteacher must be reported to the Governors.** The contact information for reporting is made clearly visible to all professionals working in the school. The Headteacher/DSL reinforces accountability and transparency through induction, ongoing training and effectively modelling the application of professional standards.

## 13. Single Central Record

The SCR will be overseen and directly managed by the Headteacher, with the support of the DSL, who is responsible for safeguarding in the school. However, the maintenance of the information on the single central record will usually be delegated to an administrator.

Audits will be conducted at least termly, by the Designated Safeguarding Lead and the Safeguarding Governor.

The details of individuals should be removed from the SCR once they cease to work for the school.

For further information about DBS checks, please refer to Part Three, *KCSiE 2024* and Safer Recruitment training resources.

## 14. Confidentiality and consent

Information sharing is vital in identifying and tackling all forms of abuse, neglect and exploitation, and in promoting children's welfare, including their educational outcomes. The school has clear powers to share, hold and use information for these purposes. The *General Data Protection Regulation* (GDPR) does not prevent, or limit, the sharing of information for the purposes of keeping children safe. Lawful and secure information sharing between the school, Children's Social Care, and other local agencies, is essential for keeping children safe and ensuring they get the support they need. If staff are unsure whether information should be provided, advice should be sought from the guidance *Information Sharing 2024*, or the Data Protection Officer.

The school adheres to the *Data Protection Act* (2018) and the *GDPR* (2018).

### Sharing information with parents:

- The school will ensure the *Child Protection and Safeguarding Policy* is available publicly via a link on the school's website.
- Where appropriate, staff will discuss any concerns about a child with the child's parents. The Designated Safeguarding Lead (DSL) will normally do this in the event of a concern, suspicion or disclosure.
- Other staff will only talk to parents about any such concerns following consultation with the DSL.
- If we believe that notifying the parents would increase the risk to the child, we will discuss this with the local authority children's social care team through Front Door before doing so. In the case of allegations of abuse made against other children, we will normally notify the parents of all the children involved.

**Consent:** The *Data Protection Act, 2018* introduced 'safeguarding' as a reason to be able to process sensitive, personal information, even without consent (*DPA*, Part 2, 18; Schedule 8, 4). All relevant information can be shared without consent if to gain consent would place a child at risk, or where it is not possible to gain consent. **Fears about sharing information must not be allowed to stand in the way of promoting the welfare and protecting the safety of children.** All professionals responsible for children should not assume that someone else will pass on information that they think may be critical to keeping a child safe.

As with all data sharing, appropriate organisational and technical safeguards are in place and will be adhered to when processing safeguarding and child protection information.

When considering whether, or not, to share safeguarding information (especially with other agencies), staff will record who they are sharing that information with and for what reason. If we have taken a decision not to seek consent from the data subject and/or parent that should also be recorded within the safeguarding file.

All staff in school will be made aware of their duties in relation to Data Protection and safeguarding, particularly in respect of confidentiality. This includes the following:

- Staff should never promise a child that they will not tell anyone about an allegation, as this may not be in the child's best interests.
- Staff who receive information about children and their families in the course of their work should share that information only within appropriate professional contexts.
- Timely information sharing is essential to effective safeguarding.
- Information must only be shared on a 'need-to-know' basis, but consent is not required to share information if a child is suffering, or at risk of, serious harm.

## 15. Records and transferring files

All safeguarding concerns, discussions and decisions made and the reasons for those decisions must be recorded in writing. If in doubt about recording requirements staff should discuss this with the DSL.

When a child has made a disclosure, the member of staff/volunteer should:

- record as soon as possible after the conversation, using the school's agreed systems;
- not destroy the original notes in case they are needed by a court (this includes notes taken by the member of staff);
- record the date, time, place and any noticeable non-verbal behaviour and the words used by the child;
- use a body map to indicate the position of any injuries, if relevant; and

- record verbatim statements and observations within records, rather than interpretations or assumptions.

All records need to be given to the DSL promptly. No copies should be retained by the member of staff or volunteer.

The DSL will ensure that all safeguarding records are managed in accordance with the *Education (Pupil Information) (England) Regulations, 2005*.

All concerns, discussions and decisions made, and the reasons for those decisions, should be recorded in writing. Information should be kept confidential and stored securely.

Records will include:

- a clear and comprehensive summary of the concern;
- details of how the concern was followed up and resolved; and
- a note of any action taken, decisions reached and the outcome.

Confidential information and records will be held securely and only available to those who have a right or professional need to see them. We will hold records in line with the records retention schedule.

If a child for whom the school has, or has had, safeguarding concerns moves to another school, the DSL will ensure that their child protection file is forwarded promptly and securely, and separately from the main pupil file. The transfer will take place as soon as possible, and within five days for an in-year transfer and within five days of the start of a new term. Confirmation of receipt will be obtained. In addition, if the concerns are significant or complex, and/or social services are involved, the DSL will speak to the DSL of the receiving school and provide information to enable them to have time to make any necessary preparations to ensure the safety of the child.

When receiving child protection files for new pupils, the DSL will ensure that key staff (such as the Head, SENCO) are aware, as required.

The *General Data Protection Regulation (GDPR)* and the *Data Protection Act, 2018* is in place to protect the personal information of individuals. It does not prohibit information about children being shared with specific authorities if it is for the purposes of safeguarding children and individuals at risk. Information that could be relevant to keeping a child safe should be shared so that informed decisions can be made about a child's welfare. We have a duty of care for our pupils and safeguarding is of utmost importance to us. GDPR does not 'trump' safeguarding. Processing safeguarding data is necessary for compliance with our legal obligation to which we are subject. Therefore, consent is not needed for the effective sharing of safeguarding information between the school and relevant authorities.

Upon receipt of any request regarding direct access to school documentation on a Child Protection file, the Headteacher and DSL will be informed, and a decision taken on the appropriate way forward in accordance with the *Data Protection Policy*.

Any external individual or organisation contracted by the school to work with pupils must report any child protection incidents or disclosures from pupils to the Headteacher or DSL at the earliest opportunity. Such bodies will, as part of their contractual arrangements with the school, be required to work in accordance with the school's *Child Protection and Safeguarding Policy*.

## 16. School lettings

All lettings are managed by the school which ensures that all providers renting or hiring school facilities have appropriate arrangements in place to keep children safe.

When services are provided under the direct management of the school, the school's safeguarding and child protection procedures apply. If this is not the case the school must seek assurances that the provider concerned has appropriate safeguarding and child protection policies and procedures in place (including inspecting these as required) and ensure that there are arrangements in place for the provider to liaise with the school on these matters where appropriate. This applies regardless of whether or not the children who attend any of these services or activities are children on the school roll. Providers will be asked to adhere to the requirements of *Keeping Children Safe in Out of-School Settings*.

Safeguarding arrangements must be included in any transfer of control agreement (such as letting or hire agreement). Failure to comply with this would lead to termination of the agreement.

## Appendix 1 - Additional School-Specific Safeguarding Information and Procedures

Any/all further safeguarding information and procedures specific to individual schools can be found under the above heading on each school's website and/or by request from the school.

## Appendix 2 - Making a Safeguarding Referral in Warwickshire

### Making a Safeguarding Referral for Children in Warwickshire

#### Before making a referral

Please take a look at the [Spectrum of Support document](#) to decide whether your concerns require a referral to Children's Social Care.

#### For urgent concerns

If you have an urgent child protection concern and need to get in touch with us, call the Front Door on **01926 414144**. Lines are open:

- Monday to Thursday - 8.30am - 5:30pm
- Friday - 8.30am - 5:00pm

You will then need to complete and return a [Multi-Agency Contact Form \(MAC\)](#) and send via email to the Front Door team at [TriageHub@Warwickshire.gov.uk](mailto:TriageHub@Warwickshire.gov.uk)

#### Out of hours

If you need to get in touch out of usual office hours, please contact the Emergency Duty Team immediately on **01926 886922**.

#### Emergencies

If you think that a child is at immediate risk, contact the police immediately on **999**.

#### Non-urgent concerns

Complete the [Multi Agency Contact Form](#) and send to the email address stated above.

#### Local Authority Designated Officer (LADO) Referrals

Only professionals can make LADO referrals (not parents or carers).

To refer to the LADO, you will need to complete a [Position of Trust MARF \(DOCX, 1.53 MB\)](#) and sent it to [lado@warwickshire.gov.uk](mailto:lado@warwickshire.gov.uk)

The LADO should acknowledge your referral within 24 hours of receipt. If you have not heard back within 2 working days, contact the LADO office on **01926 745376**.

## Appendix 3 - Key Safeguarding Personnel in Schools

### Key personnel in Birchwood Primary School

Role	Name	Contact details
